We have published his philosophies, Aadhi Vedhas, [ancient scriptures] his birth, and his great service to the entire mankind, through this book blessed by him.

“Yaghava” means “air-water-star”. The explanation of the same has been detailed as the sound of vedhas, and principles which have to be followed by human beings, in this book.

HAVE WISDOM IN THIS WORLD!

HAVE SELF-RESTRAINT IN THIS WORLD!

YOU WILL GET PEACE IN THE UPPER WORLD!

This is Yaghava's, 'yuga yuga yugaaya yugaa yugana yuvaaya yugana yuganavaaya yuga'. [Inanyam language]. Out of 111 levels of time, he won 110 time levels..He won all the 111 time levels on 11.11.1993 at 1.54 AM. [Detailed explanation: By conquering time and the destiny hidden in the time, God Yaghava by his divine power and the wisdom of the soul won the 111 divine sounds which is the origin of the creation, the movement, and destruction of all the worlds. By conquering the sound, God Yaghava gained his control over Time, Destiny, and all the worlds] Within 5000 years he has taken 54 births as a human being in this world.

Ariyandham ari ariyandham.

Pranaham pranana pranaham

Pranam pranava pranavaaya pranaham

Naadham nadham nadhathvanahaayam

Vasi aridhunaaya vasi naadhathvanahaaya vasi

Yaaha yaahaa yaahath vanahaa

Naadha nadha naadhathvanahaa.

[Inanyam language, which existed 5,000 years ago.]

It is best for human beings, if they contemplate the air [sound that comes from air] of the upper world. In this world [Yugham] don't nurture religious arrogance! You should have good knowledge.

Pranavaa pranana pranahaa

Written at 9 PM.

GOD YAGHAVA:

Pranavaa pranahaa prananaa yaaha pranam yaavaanuvaaya

Pranam pravath vanahaaya pranam. [Inanyam language]

It is his 54th birth. His birth place is- Nellai district, Ammanpuram village, keezh pudhukudi. God Yaghava was born as the youngest among twins- named Raman and Lakshmanan, to the couple Lakshmanan Nadar and Isakkiammal. In this world, you are seeing his human body as one, but he has three souls..His 54th birth was full of miseries. In this world, You realize him with your wisdom. You Realize him with your knowledge. You Realize him with your kindness. You Realize him with your affection. You Realize him by your Dharma, [charity, virtuous deeds] not by your religious devotion. Don't think that he is a pretentious person who adorns the fake body. Do not think that this is a fake story.

Donate others, and with the virtue gained by it, try to realize him. Realize him with your wisdom. Don't ever try to realize God Yaghava by doing penance. The secret of his birth is this: - Why did he come from his Eternal world? For whom? Why did he gain victory in this human world? Realize that there are a lot of questions and answers hidden in this. Yaghava says " I am Brahma! [creator] I am Vishnu! [protector] I am Shiva! [destroyer]and their consorts respectively, Vasiya, Nunuva, and Yanya. The divine son of these six supreme Gods and Goddesses is Naradha alias Inanyamuni. God Yaghava's age is 5000 years in this human world. He has taken this birth as a human being in this world, being a mysterious incarnation of God, only to rescue thirty-three crores of Gods, and Goddesses, who were imprisoned by the Monsters. Don't have any reluctance to realize that he is the one who protects the entire universe. In ancient days, God, Goddesses, Saints and Rishis [sages of the upper world] would say that there is a supreme power above all of them, and that supreme power is none other than God Yaghava!

Naadha naadhathvanahaaya naadha, Yaava Yaavanuvaaya naadha.

Yaava pravathvanahaaya naadha. [Inanyam language] He loses his father at an early age in his 54th birth. He was born in a farmer family. Do not think that this is a story or an imagination.

Jana janavaa janavaa janahaa jananava janahaa. [Inanyam language]

He was born in this human world on 2nd march, 1941 at 9.30 AM. He lived a life of struggle similar to living in forest. It is calculated as 14 years of his age in this world. He suffered in his childhood. He begged at the age of six and seven. He reared the cattles at the age of seven and eight. He became a woodcutter at the age of ten and eleven. He also slept in the graveyard for a few years. He takes an oath to destroy the demons. He undergoes all of these sufferings to destroy the demons. He roams around without clothes to wear. He roams around without a proper place to sleep. He runs around everywhere and begs for food as he could not tolerate hunger. He is the one who vowed to destroy the clan of demons. There are a lot of questions and answers in this. It may take plenty of time to write them. He destroys the demon at the age of eleven. He also had the ability and power to transform his soul from one body to the other in his childhood itself. At the age of 11, he destroyed the Demon and opened Inalva kaandam [name of the zone in the upper world]. He destroyed the Monster at the age of 22, and opened Inaisthuva kaandam [name of the zone in the upper world] He opened Igaithuva kaandam at the age of 44 by destroying Thadayavan, the head of the evil creations, and rescued thirty-three crores of Gods and Goddesses! He also rescued Naradha, alias Inanyamuni. He destroyed 21 wives [demonesses] of Demon, Monster, Thadayavan and handovered Aadhi vedhas [ancient scriptures] to the Eternal world.

In this world, the Aadhi vedhas were taken from the seabed and handed over to Tharkka muni, [Lord Shiva] and then to Thavamuni [Lord Vishnu] in the Eternal world! It is only after 5000 years, from the year 1986, the divine sound of Aadhivedhas [Aadhi nadham] is heard. Always you consider this as true and don't think that it is a lie. You should often realize that the soul is true and the human body is fake in this world. You don't roam around behind religion. Oh! Human clan! Don't live by forgetting that one day, there is death for you. In all the 111 upper worlds, don't forget that people like you live there also. And also, don't forget that this human world is a hell. Think of this world like a prison. Think of this world like hell. Don't be arrogant with this mortal body which is harmful. Make your body efficient and skillful... If you become arrogant, I will avenge your body with your soul itself. Have affection. Don't commit sins. Don't ever think to harm others with your arrogance until you live in this world. Everything in this world belongs to me. What belongs to you? The dharma [charity, virtuous deeds] that you perform only belongs to you. Dharma is sublime. It is the only proof in the upper world. Dharma and Wisdom are the virtues given to this world by me-Pranam pranaham pranavaaya pranaham Ariyandha naadham. [Inanyam

language] Nadham refers to all the worlds in the cosmos, including this human world.

I am not at all educated in this world. Don't forget that I am a Vagrant. With your knowledge, if you think of me like a vagrant, there are a lot of questions and answers hidden in this.

You need not suffer like me. I don't need your pleasures. The land will not get destroyed. Air will not get destroyed. Plants will not get destroyed. Water will not get destroyed. The light of the sky also will not get destroyed. You see the day and night only in this world, not in the upper world. Even if you get destroyed, your soul will not get destroyed. Even if God Yaghava disappears from this world, his sayings will not perish from this world. In this world, your hard work is most superior than all. It is very rare to get sufferings in this world after 2005 if you have the power to realize by your affection, knowledge and self-restraint, and act accordingly. I have marked the time of destruction. I have made 111 crores of Gods, and 111 spies to descend in this human world from 11.11.1992 to destroy karma. [sins, evil persons, sinners] This is the period when they will destroy karma. From the morning of 11.11.1993., they will start to destroy karma. Naradha alias Inanyamuni will monitor. Yaghava has completely gained victory over 111 nadham [divine sound] out of 111 naadha naadhathvam [divine sound realized within by the soul], being in this world. There are so many benefits because of him. All these were "Aadhi aadhithvanaha" [ancient period], the period, 5,000 ago, in this world... I am the Brahma [God of creation in Hindhu religion] who came to this human world to destroy the monstrous nature of the wicked and evil persons... The one who destroys is Naradha. I will kill karma even when I am alive, and also when I am dead. Realize it without religious devotion. Realize it with your charity. The soul which is trustworthy, is mine. The mortal body which belongs to the land, and which is not trustworthy, is yours! While you are alive, do you think even for a while as what was the benefit that you gained in this world?

I punish you by giving this human birth in this world for a small mistake committed by you in the upper world. I gave you human birth, and made you born in this world. I made you live; I made only your human body die. I create, I protect, and I destroy which means there are a lot of questions and answers hidden in this concept. I made genders as two. I made human faces distinct from each other! I made the soul as one.

I made the divine sages [Rishis] of Natchathira kaandam [zone of stars] to inscribe your karma [sins] and Dharma [virtuous deeds, charity] done by you, in the divine book of the upper world.

Those who perform dharma will reach the upper world... I am the one who make the one who performs karma, to get his rebirth as hunch back, deaf and dumb. You will not gain anything by worshipping me. You can attain the upper world with your virtuous deeds and charity! Don't forget that in this world, you have the deed of land, and in the upper world, I have your deed of destiny! Don't forget this forever.

Definition of karma: If you torture others, it is karma. Cheating others is karma. Avenging others and the evil thought to avenge others is karma. The worst karma is that if you torture chaste, and righteous women in this world, it is considered as the biggest karma. If you torture farmers or fishermen, it is karma. If you abuse or harass Gods, Goddesses, and Saints from 1986 that is after 5000 years, then you will become the most pitiable person. I am sending such divine people to this world, to guide you in a good path. The places where they dwell are holy places! Whoever visits such holy places, will definitely get the wisdom of the soul. I am not writing this for my benefit. These words are written to give knowledge to the entire mankind, who live in this world.

From God Yaghava, this world was bestowed with wisdom and the wisdom of Aadhi vedhas. When he is alive also it is there, and after his death also, it is there in the places where he has gone. Sanchi, Sancheevagha sanchi, Shaduthvanaha sanchi, [Inanyam language]. Sanchi [divine fragrance of the upper world] does not see religion, and it looks into your heart. You behold the beautiful flowers but you haven't observed the wisdom of flowers, but your soul observes the wisdom of flowers. [fragrance inhaled by the soul] isn't it? Similarly, try to realize God Yaghava's wisdom. I will do the karma wherever you perform karma right from 11.11.1993. This is the command. No other verdict will equal God Yaghava's verdict! From the morning of 11.11.1993, 111 crores of Gods, 111 spies, Naradha, alias Inanyamuni will destroy karma and protect dharma all over the world. This will happen all over the world.

Uv uvana uvaaya uvana uvanahaaya uvana

Ugrahaaya ugrahaa. [Inanyam language]

Until 2005, earthquakes, thunder, lightning, cyclones, fire, drought, starvations, and famines will occur all over the world. This is the punishment for the karma you do. Still many more things are there. But it cannot be written in words. Read it as your duty. Learn to be kind in your childhood itself. Think about doing charity when you study in your school. It is not enough if you are educated. First learn to help others like a farmer. Think that wisdom is above all. Nothing will happen as you think. You get wisdom, patience and peace only because of your good deeds! Dharma belongs to those who perform it. Everybody's destiny is on their forehead. I inscribed your deeds of karma and dharma [sins and charity] on your forehead. Those who perform Dharma will get peace. Those who perform karma will suffer in this world. You don't have the ability to calculate this human world, also, you don't have the ability to calculate the upper world.

Oh! Sinner! Your almanac is similar to a fun show. Astrology and traditional almanac are all powerless. One who does not work will ask anything. One who does not have work will say something. Hard work is the greatest virtue of this world. First, you realize yourself. I am the air that you can't see. I am the water that you can't catch. I am the star that you can't calculate. Deeply register in your mind that Yaghava's words will never go wrong now and also forever. Yaagha Yaaghaanuvaya yaave. [Inanyam language]

This is the beginning and end. Aadhi antham Athmavandham [Inayam language] Those who cannot understand the beginning or end, roam around by pretending and disguising themselves. Is it not enough? The authoritative people give sufferings to others. Knowledgeable persons give happiness to others. Policemen suffer due to thieves. It is a great suffering to mankind due to pretentious, disguised people. But it is a great bliss due to the wisdom of Yaghava's Aadhi vedhas for the people in this world. If you realize this and learn wisdom and vedhas, it is good for the entire mankind. I am a vagrant. I am a shepherd; I am a cowherd. I am a woodcutter. I am the one who also safeguarded the burial ground. Before my age of 14., I did all these works within the age of 14 years in my 54th birth.

From the age of 53-

Don't come to meet me from 11.11.1993 morning. My duties will grow vast. Listen! I will protect those who perform Dharma. It cannot be explained in words about the sufferings of the pretentious, disguised people... Also, the sufferings of those who perform karma! You will see that day. You will do

everything without saying anything. But Yaghava will do all by telling everything frankly! Have I not seen your unstable body? I have seen people who run behind money. I have seen people who run behind the position. I have seen people who run behind religion. I haven't seen people who help others, while they live in this world. I haven't seen such virtuous people from 1941 to 1993. There is no one to realize true stories. There is no one to realize true concepts.

I have seen people blabbering with their fake body and fake disguise. I have seen the forest dweller searching for honey to earn money. I have seen pretentious people in disguise roam around place to place to gather wealth. I have seen people who get cheated by such fake persons, by giving money to them out of fear. From 1941 to 1993, man has lost his affection in this world. He has lost his wisdom in this world. He has lost his knowledge in this world. I have only seen authority and arrogance in this world. I haven't seen the soul's arrogance. I have only seen the mortal body's arrogance. What have you achieved in this world with your arrogance? Don't forget that you are only going to see sufferings in this world from 11.11.1993. Think of Yaghava as poor. Don't think of Yaghava as a coward. Think of Yaghava as a hard worker. Don't think of Yaghava as a liar, who lies for his livelihood. Don't think of Yaghava as an artist of street theatre. The actors dance for money. The one who sees it gets deceived by giving money. Will the kite fly without air? Has anyone made the kite to fly stable? Will I allow you to stay in this world, permanently? I have kept death at your birth itself in your destiny. Oh! Sinner! Why are you not thinking about this?

All the 111 upper worlds are white and bright. Only those upper worlds belong to you. I have burnt all the magic tricks and witchcraft, before 1986 itself. Do not forget that I am Yaghava.

I am the one who destroyed the Empire of Demons in 1986. Don't think that this is a fake story. There are many questions and answers hidden in this. I have your account book of Time. Is there anyone who has my account book of Time? I sent an intimation to monks, sages, astrologers, magical trackers, poets, and scholars to test me. It is your mistake that you didn't come to me! There is no use if you come now... For a long time, you were in search of me with an expectation that I would come to this world. I came and searched but nobody could find me. I didn't wait for your garlands. I thought you would attain wisdom. But, no one came to me. Only a few came to me! Farmers gathered grains. It helped everyone. God Yaghava has gathered and accumulated the wisdom of the soul of the upper world! Yaghava's wisdom of soul has no religion.

That which is optimum for Dharma is wisdom of the soul. That which makes this mortal body to think and realize at an early age is the wisdom of the soul. That which helps to realize affection is the wisdom of the soul. That which helps to become veracious without telling lies is the true wisdom of the soul. That which helps others by working hard is the wisdom of the soul. Now-a-days I hear that wisdom of the soul is only associated with a lifeless idol and to recite for it. I have not seen anyone reciting for persons who are alive. But I have seen reciting for the dead! I pity you! In this world, when you are alive, follow the wisdom of Yaghava. You will get peace in the upper world! It is the only way to avoid your rebirth. Wisdom -wisdom is self-restraint. If you realize yourself, it is the wisdom for the whole world. You don't harass anyone until you live in this world. If you harass others, you will suffer. From this day of 11.11.1993 morning 1.54 onwards learn knowledge. Learn to be kind. Don't be authoritative! I took 54 births, till now and forever. The reasons for my birth:

After rescuing 33 crores of Gods, I am guiding you on the right path and I am doing it in an affectionate manner. You consider kindness as sublime. Religion is unnecessary. It is not necessary now and forever. Jana Janana Janava Janana Jananahaa. [Inanyam language] I have inscribed your death on your forehead at the time of your birth. In your face, on your forehead, I have written deeply and clearly about your presence and death. I am the one who writes it being in the upper world. Dharma signifies affection. Karma signifies odor. I created different faces, distinct from each other... I created two genders for human beings. I created the soul as one. That is Aathma. Aathma doesn't know about religion. What is the benefit that your mortal body gained by having religions? If the people in the world start to think that, one day the human body will deteriorate, they will be kind to each other. If a tree dies, it is helpful in many ways. The shopkeeper waits to buy that fallen tree! Is there anyone to buy your human body, if you die? Think. Which one is superior? Man, or tree? Why do you get enraged? What is the benefit that you get by your wrath? Wisdom signifies water. Affection signifies soul [air]. Disguise is cheating others for one's livelihood. One day your soul will leave your body. It will reach me in the upper world! - Don't forget this.

Upper Worlds are superior. But this human world is inferior. Don't have any doubts that this world is a hell. Don't forget this forever. Nadha Nadhath vanahaaya Nadha Nadha Nadhathvanaha. [Inanyam language] I am always your sound. I am always your light. Even my land helps you. The grains that I have

scattered also help you. I have created so many good things for you to realize! Oh! Sinner! You are roaming around without realizing this. You don't describe this as a story. You don't describe this as an imagination. These pearls of wisdom are written to induce your human body to think. These are the pearls of wisdom blessed and bestowed by God Yaghava to this world. Yaghava is not educated. He is a vagrant.

In this world, until 14 years, Yaghava suffered a lot and the donkey carried him and helped him. Birds helped him by giving fruits. He begged. He slept under the trees. Even the burial ground helped him to be alone. He used to cut the dry trees and sell them at the age of 13 and 14... I saw your drama that you enacted! Did you realize the drama that I enacted? Even then I was a vagrant till the age of 14. That was a life of suffering similar to living in the forest... You don't learn false stories and roam around in vain. Yaghava is the truth. Don't be reluctant to realize that nothing will move without Yaghava.[meaning; Yaghava is sound] Realize without any doubt that in the ancient times, Gods, Goddesses, and Saints, worshipped the supreme being and said that there is a supreme power above all of them, and that supreme being is God Yaghava! These are my concepts that I want to share with you. In this world, do not forget that this human body is mortal. Do not believe in astrology. Do not believe in day and time.

Do not believe the faults in horoscopes.

Don't trust soothsayer's predictions uttered in a trance.... Like a farmer, like a fisherman, like a woodcutter, like a shepherd and cowherd, exalt the hard work... Devotion is nothing but helping each other. Helping each other is affection. If you do a favour to your father and mother, it is considered as devotion. Worshipping your parents is devotion. Fulfilling your duty to your parents is supreme devotion. Hostility against father leads to disease. Hostility against mother leads to sufferings. Look at the affectionate birds flying above in the sky. Realize their wisdom. If you have the ability to see and realize, you can realize wisdom. Then you can attain me in the upper world. Then I will make you reach your place in the upper world. You can reach the upper world by performing Dharma. You can never reach the upper world by performing Karma. All of the 111 kaandams [zones of the upper world] are big. Biggest of the big. The world where you live is the smallest of all the worlds. Do not forget that I created all the worlds. I am God Yaghava. I am Brahma, I am Vishnu. I am Shiva. I create, I protect, and definitely one day, I destroy only your human body.

I am monitoring your dharma. I am also monitoring your karma. Dharma belongs to your soul. Karma belongs to your body. Your valour will remain only for a few days till the age of forty. After forty years your human body starts deteriorating. Has anyone seen his own soul deteriorating? Lotus flower has wisdom., Lotus has fragrance. All other flowers that bloom from plants are fragrant. They don't belong to any religion. If you think that you have taken birth from a flower with odor, there are a lot of questions and answers in this. Being educated alone is not enough. First learn to perform your duties. It is God Yaghava's 54th birth and his age is 5000 years in this world. Do not think that this is an imagination. Do not think that this is a story. This is the truth. Do not torture others. To avoid your rebirth, try to help others. That is Dharma. [charity, virtuous deeds] You always speak about paradise. There is a way to reach paradise. Don't abuse others. That is dharma. Give up your arrogance now and forever. That is also dharma. Expertise your hard work, that is also dharma. Self-restraint is the wisdom of all wisdom. Your soul will get peace in the upper world.

It is my 54th birth, and from 1941, I know about the status of the upper world. You try to understand the status of this human world. Get to know the condition of time., In this world, you are seeing day and night. But, in the upper world, it is always day, and always there is brightness. To destroy the clan of demons, and to rescue the Gods, Goddesses, and Saints, I came to this world. In all the 53 births thuv thuvaya thuvayaava dushtaayava. [Inanyanm language] I would easily get victory over monsters and demons, in my previous births. Riots were in the upper world, not in this human world. Out of 111 kaandams, [zones of the upper world] monsters lived in three kaandams. They imprisoned Gods, Goddesses, and Saints and they captured and lived in three kaandams, and the names of the kaandams as follows: The Demon lived in Inalva kaandam [Name of a zone in the upper world]. The Monster lived in Inaisthuva Kaandam [Name of a zone in the upper world]. Thadaayavan, the head of the evil creations, lived in Igaithuva kaandam [Name of a zone in the upper world] and 21 demonesses of these Demon, Monster, and Thadayavan also lived there. By grabbing the incarnation of Gods, Demons established their empire in the kaandams of the upper world! The monsters and their creations lived for about 5000 years in this world, and they are living now also.

They are called karma. They imprisoned the 33 crores of Gods, and monsters tortured human beings also. The kaandams of the upper world were locked by the monsters... The monsters became haughtier. God Yaghava emerged

in this world to destroy these monsters. His sufferings cannot be explained in words. He was killed by monsters in all of his 53 births. He can transform his soul from one body to the other.

The demons can also shift their soul from one body to the other. Demons are all tricksters. Even the pretentious disguised people are also demons only. They are not saints, and they don't have the wisdom of the soul. In ancient times, 5000 years ago, there were no temples, no statues, no religion. But there was wisdom. There was no one with monstrous quality. People lived in their homes without doors and locks. There was no lie, no theft, no courts. There was no one who created hostility for the position. There was no one to create hostility for religious devotion. There was no one to revolt for religion. They lived by considering kindness as religion. In ancient times, people were happy, and they lived with a smile. They lived by doing dharma. At one birth itself, they attained the upper world by performing dharma. 5000 years ago, the human kind lived happily. In the past 5000 years, that is till 1986, they lived a life of suffering. In his 54th birth, God Yaghava, at the age of 11, destroyed the Demon. He opened the Inalva kaandam, [name of a zone of the upper world] of the upper world. At the age of 22, he opened Inaisthuva kaandam [name of a zone of the upper world] of the upper world, by destroying the Monster. He destroyed Thadayavan, the head of the evil creations, at the age of 44, and opened Ighaithuva kaandam. [name of a zone in the upper world] He destroyed all the 21 demonesses of these fiends, and rescued 33 crores of Gods and attained the Eternal world. He rescued the three Aadhivedhas of ancient age, and from this world, gave it to Tharka muni [Lord Shiva] and he gave it to Thava muni [Lord Vishnu] in Yaaga prapancham. [Name of an Eternal world.] One who reads this will consider it as a story. Do you know the sufferings of God Yaghava, in this human world? He was hailed and called by the ancient Gods, Goddesses, and Saints as 'Ultimate Supreme-being'. He is Lord Brahma, Lord Vishnu and Lord Shiva. He has one body and three souls. He looks like us and lives like us. Their true names are-

Dhana munivar - One who creates – Brahma

Thava munivar - One who protects – Vishnu

Tharka munivar– One who destroys the body – Shiva

Dhana munivar's spouse – Vasiya – One who gives wealth – Lakshmi

Thava munivar's spouse– Nunva – One who gives knowledge – Saraswathi

Tharka munivar's spouse– Yanya – One who destroys the karmas [evil people, sinners]

-the one who has the power to destroy– Parvathi

Brahma alias Dhana munivar, created a divine son for all these six supreme gods and goddesses without any form in air. He was Inanyamuni [naradha], You have the deed of land! He has the deed of your destiny, and your karma and dharma details. Whatever you do in this world, Gods of the upper world will write it down in their divine books with their characteristics of star. Until your body is alive, they even have the calculation of beating of the pulse in your human body! Soul does not sleep in this human world! I also don't sleep in my upper world! In this world, nobody can estimate me! I am the creator! Is it possible to estimate me? I can exist without you. I can exist even without me. Don't think that this is a fake story or an imagination. Realize this as your duty. Do not worship anything out of fear. You can't escape from all your sins just by worshiping many forms of deities. Not now, and not forever! I will give happiness in the human world and also in the upper world to those who perform Dharma! I will torture those who perform karma by giving diseases, afflictions, for many births. In the upper world, I will torture the sinners for 11 years, with the help of Gods of the upper world. Oh! Human clan! Don't think these words as dreamy thoughts, or as an imagination. Learn this as wisdom, and by learning knowledge, act accordingly. Change your ego into knowledge. Change your enmity into affection. Oh! human clan! Don't forget that by getting relieved from this human world, you can reach the upper world only by your dharma, wisdom and affection. Oh! Human beings of the world! Realize this.

I'm awake in my upper world! You don't sleep in this human world. I saw the birds living together affectionately. I saw the animals living together. I saw the ants living together. I saw the honeybees living together. I saw you gathering together on the grand stage of the wedding, and the next day I saw you gathering together at the cemetery. I never saw people who gather to help others. I have seen people beating others. The Gods of the upper world will torture you, if you beat others. They will punish your human body, your ego, and your authority. From 1986, ego and authority will be destroyed. Oh! Human clan! Do not have any doubt that only kindness and dharma will win. Do not blabber. You Realize! There is an answer.

It was by 1.54 AM on 11.11.1993 that Naradha alias Inanyamuni received the divine books.

Oh! Human clan of the world! Realize! Throughout 5000 years, God Yaghava came to this human world as a human being, from his Eternal world to destroy the demons. These are the reasons; 33 crores of Gods have to be rescued! It was his oath to destroy demons and their creations. He took his 40 births in different countries, 11 births in North India, and 3 births in South India, Tamil Nadu and he was killed in his previous births. In his 54th birth, God Yaghava was born as the younger son among twins, to the couple Lakshmanan Nadar and Isakkiammal on the river bank of Thamirabarani river, an area spread with laterite soil at Ammanpuram village, Nellai district. His aim was to gain victory over 111 time levels in his 54th birth. There are many questions and answers hidden in this. Don't have any doubts in the words of ancient Gods, Goddesses, and Saints who told that there is a supreme power above all of them and that supreme being is God Yaghava! The purpose of his birth came to an end at 1.54 am, early morning, on 11.11.1993. At 1.54, early morning, on 11.11.1993, the divine books were handed over to Naradha alias Inanyamuni. Do not read this as a story. Read it as a duty. From this day on, disasters will strike all over the world... As you are performing karma by forgetting dharma, and to bring back the period that prevailed 5000 years ago, I have induced Naradha alias Inanyamuni, 111 crores of Gods of Inaisthuva kaandam and 111 spies of Igaithuva kaandam, to destroy karma from 1.54 am on 11.11.1993. All of this will happen around the world. Uv Uvana Uvanava Ughraha. [Inanyam language]

For 14 years there will be only destruction in the world. Your arrogance is the reason for the destruction. It is the only way to control your human body. What can I say? I have started my intense wrath from today, 11.11.1993, 1.54 am.

Be affectionate. Don't be authoritative! Those who perform Dharma will be blessed with good results in this human world as well as in the upper world. Those who perform karma will suffer in this human world as well as in the upper world. You register this in your mind without any reluctance. Your accounts may fail. My accounts will never fail. Karma is sin forever. Realize wisdom. Don't ever commit sins. It was started in 1942 and came to an end in 1983 and was completed in 1986, and in 9.9.1986, by writing the divine books for the world, 111 crores of Gods, 111 spies descended to earth, on 11.11.1992. The divine book has the details of what all will happen from 1.54 am on 11.11.1993 till 48 crores of years. The purpose of Yaghava's birth was completed at 1.54 am on 11.11.1993.

Suba nava yava yana subitchaanavaya Yaave [Inanyam language] Don't come to meet him in this world. Just search the place where he lived and worship it. Wherever he dwelled, the Sanchi nadham [divine fragrance and divine sound of the upper world] of the upper world will be there forever. After his death, his body cannot be considered dead. It is Sanchi nadham. He is Brahma, He is Vishnu, He is Shiva. He is the Creator. He is the Protector. He is the Destroyer. You don't destroy others. This is not your place. Your soul knows your place. Oh! Human clan! Think and realize.

A warning note to the people of this world now and forever... Yaghava's wisdom has no religion. When there is death, Is religion necessary? Think. Do not live by discrimination, Live by Dharma. Religion is unnecessary.

On 1.54 AM, 11.11.1993: -

His time periods: In his 54th birth, he gained victory over 111 time levels. [can also be considered as sound, nadham] Though on 9.11.1993 – he did not gain victory over one divine sound, and though he was victimised and revenged in this world, his victory cannot be equalled with anything... He won completely on this day of his 54th birth – 11.11.1993, 1.54 AM.

The sky worlds are right. Inanya muni, who got the divine books, will set right this world within 14 years. All the 111 crores of Gods, and 111 spies will destroy karmas, and the lineage of karmas, and evil people of this world, within 14 years. Karma will be destroyed and, in this world, Dharma will be established. Yaghava's predictions will never fail! This world will get the wisdom of the soul. Authority can never dominate, after 14 years. All of this will happen within 14 years. Religion will perish. Crores of people will die because of drought. Crores of people will die due to riots. Crores of people will die due to religious revolts. Crores of people will die due to earthquakes. Crores of people will die due to cyclones. Crores of people will die due to thunder and lightning. Crores of people will die due to fire. Crores of people will die due to your worst scientific inventions. There will be no schools. People will fight among themselves and die for the sake of post. Your arrogance is the reason for all these destruction.

Realize everyone without any reluctance that sages who wander around in disguise, monks, astrologers, and the cheats who indulge in divinations without any hard work will be destroyed. Crores of people will die due to rainfall... Crores of sages will wander around the sky.

You will see all these in this world. Crores of sages will wander in the sky on flying saucers. These are not stories. These are the commands of Yagha prapancham, Yathva Prapancham, Shashva prapancham [names of the eternal world] of Yaghava to all the worlds. From this day, all these will happen, when it is told by the Gods, Goddesses, and Saints of the upper world... He acted as a normal human being and lived a worldly life.

My Gods, Goddesses, and Saints will never lead an ascetic life. They will not have any disguise. They will not plunder others' wealth. They will preach the wisdom of the soul from the place where they dwell. A farmer lives by ploughing the fields. His two bulls that used for ploughing, will realize the farmer. A cow grown in the house will consider its breeder as its mother. Even the sheeps and cows are affectionate towards their shepherd, and cow herd... Like that, Gods, Goddesses, and Saints will teach only wisdom. You will not get any benefit by worshipping them. Worship and follow their words and reap benefits. After destroying the demons, in 1986, I bestowed incarnations to 11 persons in this world. I am waiting to bestow incarnations to 100 more people. I bestow incarnations to those who are affectionate. I know to whom incarnations have to be bestowed. I will bestow incarnation only after realizing that. Those who are blessed with incarnation, will never have ego and they will be veracious. They will not have any doubts. They will not have false pretense. They will be like normal human beings. I am avenging those who pretend with their disguise, from 1986. From the upper world, I will always take revenge on all the fake people who pretend. I will kill them when I am alive, and also when I am dead. Do not think of this like a story or like an imagination. Realize it as a duty. The farmer doesn't scatter thorns on the fields, he scatters grains and helps to satisfy the hunger of the people in this world. Similarly, mysterious incarnations will share only kindness... Kindness is wisdom, philosophy, affection, and dharma. If your human body thinks and acts accordingly, it is bliss of all bliss... After your death, your soul reaches me in the upper world. Those who perform karma will suffer in this human world, as well as in the upper world.

In this world, Oh! Humans! Don't forget that, at your birth itself, I have kept the soul and the human body as antagonistic to each other.

Naradha's evidence of this human world: The command of Yaghava is to destroy the karma and protect the Dharma. Inanyamuni got the divine books, of 48,000 crores of years on 11.11.1993, at 1.54 AM.

Prana Pranavaaya Pranana pranahaya pranana nadha pranam Yagha pranam
prana pranam. [Inanyam language]

Listen carefully to what I say! Realize correctly what I say! I say that this human world where you live is a hell. There are no worlds existing under the floor on which you walk. All the 111 upper worlds exist above your head. Nadha Nadhathvanahaaya Nadha Nadham Nadha Nadham Nadhathvanahaaya Yaave. [Inanyam language] Know everything and then act accordingly in this world... Gods are not learned..Goddesses are not learned. 5000 years ago, Gods, Goddesses,and Saints gave knowledge to human beings. Human beings lived without causing any destruction. Aadhi vedhas were available only after 5000 years in 1986. Yaghava was the one who destroyed the monsters. These are the words that I guide you which are in the divine books. I am related to you only in the upper world. I am not related to you in this human world. Only my concept belongs to you. You don't blabber as justice again and again. Be honest in this world. There is justice in the upper world. All the 111 upper worlds have no religion. People like you live there also. There is Karma and Dharma even there. You don't live inside water. You can't live without water on this land. I Pity you. You wander around without affection. Don't believe false pretentious people. Don't believe those who play drama for money. I am playing a drama for your soul. Farmers search for cow dung to grow crops. Does the one who herds the pig search for your dirt? The pigs wander, and when they grow well, they also get sold. When you grow up, and one day, when you die, people will hate your dead body, and they will look at it with scorn... This is what I have seen so far, in this world. There is no one to keep the dead body in the house, there is no one to purchase a dead body.

There are people who bargain and purchase the fallen trees. Isn't it? If you realize this, it is good for the world. Think about this now and forever. You cannot exist without me. I can exist without you. The land does not belong to you... Even if the land bears you, it is waiting to eat your mortal body. I'm waiting for your immortal soul in my upper world... Oh human clan! Think. Don't be hostile towards anything. At your birth itself, I have kept six senses for you in the upper world and in this human world. I have kept five senses for animals in the upper world and in the human world. I saw all the living beings living together. The reason for giving you the six senses as knowledge, is to bury a person after his death. I know about all the sins you commit. I know about your revenge. I also know about the dharma you do. Don't think that I am in the Eternal world. I am just standing before you in

this human world... I am the support for your soul. Soul is the support for your human body. Tree is the support for the seed. Branch is the support for the flower, vegetables and fruits. Is there anyone who has seen the seed entering into the fruit? Think about God Yaghava also like that. Has anyone ever said that there are worlds inside the world? Will you be able to reach the distance seen by your eyes? If you ask a blind person, 'How is this world?' he will answer you clearly. Though you have eyes, for the karma committed by your human body due to your arrogance, you get diseases and afflictions... Live with charity. You live in this world for only a few days.

12.11.1993

You are wandering like a cruel person. I will give you rebirths as hunchback, blind, and dumb! Don't forget now and forever, that I will make you born in an immoral family, if you are arrogant. Do not forget that Yaghava is dangerous for karmas. Don't describe this as a story. Don't describe this as an imagination. The one who grows the crops will spray insecticides with affection, to kill the pests which ruin the plants. Think about God Yaghava also as such. Live with affection. Don't live with enmity. There is no happiness in enmity in this world.

I have set up the laws in the upper world from 1986. You implement plans. Don't ever set up laws, your laws are always wrong.

GOD YAGHAVA;

The laws framed by God Yaghava will never go wrong forever. God Yaghava is a vagrant, who knows everything about this world. He reared cattles. He also became a woodcutter. Never think that this is an imaginary story. Consider God Yaghava's activities as duty. You have created a lot of funny inventions. Have you made anything to become immortal? Has anyone seen the soul? Have you ever created a seed using your scientific knowledge? I Pity you. Instead of being ashamed, you are praising science. Did your science gain blessings? Can wisdom be attained by your scientific knowledge? Realize. There is an answer. In ancient times, there was no science. I saw the miserable condition of your world. Think what would be your condition if there were no farmers. Your vedhantham [doctrines of vedhas] has no affection. Oh humans! the day you lost your affection, from that day, sufferings started in this world. I have seen only your sufferings for about 5000 years. God Yaghava knows about the ancient ages. I called you from 1986 to 1993 to make you listen and understand. It seems that

you might have felt shy that your false pretense will be revealed. I saw that there is a religion for your futile body. What is the benefit of analysing religious theories, and almanacs, for the human body which is going to die? There will be famines in this world, until there are lazy people who do not work. If a person eats and sleeps without working, it is a great disaster for the world. If you sleep, the country will be ruined. Is there anyone who saw the ants sleeping? I saw the ants living peacefully though they lived for a few days... I saw the human clan lamenting without peace in this world, though they live for a long time. Those who work hard, their life will end with happiness. Those who don't work, their life will end with suffering. Those who perform karma, their life will end up in sufferings and diseases. This is my calculation. Like a dog, don't forget and be grateful to your father and mother. Father and mother will never have enmity with their children. Being parents, teach dharma to your children at their young age. Teach to be affectionate. Don't teach them religious devotion. Make them worship you. [meaning; making children to worship parents]. The highest wisdom among all the wisdom is the wisdom of doing favour to your father and Mother. It is like the dharma done to the world. Never forget this concept now and forever. It is not a sin if you accumulate wisdom. Live without enmity. Enmity is karma. Reduce your greed. There will be bliss in this human world as well as in the upper world...Ari ariyantha nadha ari. Arithunaaya ari. [Inanyam language] Think about this and act accordingly. There is no doubt that you will attain the upper world. Do not build up dream castles. You can't attain anything by having a wish to attain. You can attain anything by your deeds of dharma. When you can't bear the scorching sun, you sit under the shade of the tree. Even the shade of the tree is also a kind of wisdom. If you also become like that shade of the tree to others, will there be sins and famines in this world? There is no use in making dolls. There is no use of living in this world without hard work. It is a sin if you don't help others. Your Aathma, Yathma and your Yagathma [3 classifications of souls] are dangerous. Your soul is bound to God Yaghava. Do not forget this now and forever.

Listen to your mind. Realize what is good. These concepts of ancient wisdom are like pearls written to establish goodness. Even if the shell dies, the pearl does not die. Similarly, don't forget that even if you die, your soul is immortal. Realize even if the tree is dead, the seeds of the trees will not die. Realize that even if the fish which lives in the water dies, the eggs inside the fish will not die. Realize that when I monitor all these from my upper world, will I not monitor you? Do not forget that you will only suffer by creating riots in this world.

You will always experience bliss, if you perform your duty in this world. Oh! human clan of the world! Think.

Leave the arrogance of the self, and have the good virtue of togetherness.

14.11.1993

Realize whatever I say with your talent, knowledge and power. The river water does not stagnant. The lake water stands still. Even the sea never sleeps. Similarly, your soul also never sleeps. Realize that, Yaghava is the one who monitors all the 111 upper worlds. I am the creator. I am the protector. I am the one who destroys only your human body. Jana janana jananavaaya jana jananhaaya jana. [Inanyam language] I am the one who writes your destiny at your birth itself. I write your destiny according to your dharma and karma. In this world, you are making laws using your scholastic education. Don't forget the law which I framed on your forehead. That is death. Your education will never come to your help, when your human body is burnt after your death. If you learn to be affectionate it is helpful for wisdom. If you learn to be kind, it helpful for knowledge. Learn the deserving and do the exceptional things. That is Dharma. You don't indwell in me. I indwell in you. The air is not yours, it is mine. My water, my sky, my light, my sound, my grains, my living beings, and my land. You are born, you live and you die one day. After your death, your world is my world and my world is your world. That's what you describe as paradise. In this world your human body worships in vain, and also goes in vain. If the animals die, at least their skin has a value. If you die, what is your value? Why are you doing karma? Control your tongue, while you talk, as your tongue has no bones. Those who have their control over their tongue, while speaking to others, will get a good life. Your tongue that tasted delicious things, why it does not talk kindly? I have kept your teeth as an enemy for your tongue. I have kept your soul as an enemy for your human body. I have framed the laws for the sins you commit. From 1986, you grieve about new diseases. You are committing sins, and I am giving you diseases for it. I am torturing your human body with the help of your soul. If you become arrogant, I will also become arrogant by mingling with your soul. That is Aathma [soul]. I am the companion to the Aathma.

Prana pranahaaya prana pranavaaya pranam pranahaayavaaya pranam yaaha yaahaanuvaaya pranam. [Inanyam language] You are not going to live consistently in this world. You, who only drink pure and clear water, realize this concept also clearly. I have kept genders as two. Even the living beings have two genders. It's

there for birds and animals also. It's there for plants also. It's there for land also. Soul is classified as three. There are nine entrances in your human body. Don't ever forget that I am monitoring everything. The day when you are born, it is like the beginning of your journey towards death. Is it possible for a flower to become fruit on the day of its blooming? Is it possible for a fruit to stay permanently on the branch? You are also like that. There are three evergreen things in my creation. They are water, air and light. You see the day and night only in this world. When I have your destiny of your birth, I know better about whatever you do. It is a bliss for the world, when your deeds become good. Live like a scholar. Live like a Kshathriya. [warrior] Don't live like a lunatic. The wisdom of the soul which is classified as Aathma gnanam, [wisdom of the Aathma] Yathma gnanam, [wisdom of the Yathma] Yagathma gnanam, [wisdom of the Yagathma] are written as dictated by God Yaghava, to make the people of the world to Realize. This is the wisdom which existed 5,000 years ago.

In ancient times, the kings, emperors and people lived in this world by understanding knowledge. They learned the morals by hearing the words of Gods, Goddesses, and Saints. They lived their lives by considering that helping others was the supreme virtue of all. There was no one to create riots for owning the land. There was no one to create riots for the sake of religion. There was no one who lived with deceit. There was no one to doubt others. There was no one who lived by framing laws, and by getting education and degrees. They reached the upper world by taking one birth itself in this human world. Dharma is three. They are Knowledge, Affection and wisdom. If it is followed, there is salvation in the upper world. It was only in the past 5000 years, the world became miserable due to devils. Lie, robbery and unkind activities, all these started to grow within these 5000 years only. In ancient times, there were no temples and ponds. 5000 years ago, in the golden age, only virtuous people lived. Now, Have I not seen coins made of iron? People who showered affection lived in those periods. People who lack affection didn't live in those periods. My age is 5000 years, which is to kill the monsters. I attained my Eternal world in 1986 by destroying them. Don't think that this is a fake story. You need not suffer like me, and I don't need your pleasures. I am not the beneficiary, by what you give to me. Only, you are the beneficiary now and forever by what I give to you. How will the pretentious people, who lack wisdom, ever get to know about the upper world? You are a cruel thief in this world. I am a greater thief than you, who robs your soul. I became a vagrant in this world. You can live for a long time with your affection. Can you live for a long time with religious devotion? If you realize yourself, is

religious devotion necessary? Will you commit sins, if you are affectionate? After completing my work in 1986, this is the wisdom of the philosophy of Aadhi Vedhas written as dictated by me. These are the wonderful concepts I give you. I have made the Gods, Goddesses, and Saints to take birth in this world after 1951. They will come to my place. I have made them born. Gods will teach knowledge. Goddesses will teach wisdom. Saints will teach dharma. After 2007, this world will get the wisdom of the soul. The world will get rational knowledge about the soul. In the future, it will be the period of kings and emperors after this. Even after 48 crores of years the condition of the world will be good. God Yaghava has no birth after this. My concepts will be helpful to you. Your dharma will be helpful only to you. You will attain salvation if you realize the self and act accordingly. It will be a world without liars. It will be a world with righteous people. If you die, you will reach the upper world. If I die, I will reach Yagha prapancham. [name of an eternal world]. The place where Yaghava dwells, is the place of wisdom for you. It is the place of knowledge for you. It is not a place to worship. It is a place similar to the spring season. Spring means fragrance, which also means wisdom. It is not a place for religion. There will be no season for rain hereafter. The almanac will be destroyed. When you don't have affection, what is the use of analyzing an almanac? Anyway, the human body will perish one day! Isn't it? Is there anyone who has seen the soul dying? Your immortal soul will reach me and your mortal body will reach the land. First, Realize this. These are not the concepts written for the nation. These are the concepts written for the human beings of this world, with six senses. If you listen to the concepts of God Yaghava and act accordingly, your soul will reach the upper world. I have your body [body in the upper world] with me in the upper world. You have your soul with you in the human world. This human body will die and decay. The divine body in the upper world will not decay. There are a lot of secrets hidden in this. Guess with wisdom to get the answer. These are the thoughts written as dictated by me. Attain the upper world by dharma. That is your place. Do not forget that the place I live is your place. Do your duty and do not create riots with your both eyes, both hands and legs. Life is not there because of Vedhas. Life is there, if there is dharma. There is no life if there is disguise. There is life, if there is affection. In this world and in all the upper worlds, Air is Mother, Water is Father, if these are not there in this human world, can you survive? I saw vigour in the seeds. Why don't you realize, who eats it? Uv uvayavanaayave ukra. [Inanyam language] If you create riots, I am the one who has sent 111 crores of Gods and 111 spies from 1986, and on 11.11.1993, at morning 1.54 am, to destroy riots. They will destroy riots and karmas. This will

happen till 2007. I will destroy the arrogance with arrogance. I will embrace dharma as knowledge. I will not make people fall asleep who perform karmas. You will be subjected to a lot of suffering. Will anything happen as you think? Don't think why God Yaghava says like this. There is no other way to destroy your arrogance and to reform your ego. You realize this by your knowledge. In this world, what else is possible other than giving birth to two or three children by a male and female joining together? Think. Being parents, teach affection to your children. Teach them Dharma. Teach them wisdom. Give them good knowledge. It is a bliss for the whole world. It is a bliss of all bliss, for the people who live in this world. There is no time to get conceived. There is no time to give birth to children. There is no time to die also. Don't forget that your world is like this, where you live. Do not forget that there is death. If you avenge anyone, I will avenge you. Do not forget that if you help others, I will help you. Don't forget if you torture others, I will torture you. I saw there is always bliss due to farmers in this world. I have also seen the sufferings of the world because of the educated people. I guess why educated people do not even have the wisdom that birds have. Affection towards humans is superior compared to your education. God Yaghava is not an educated person. I am a vagrant. I am trying to explain what affection is. It is always good for the human race, if they Realize and act accordingly.
