

ENGLISH VERSION OF TAMIL BOOK
'VAZHIPOKKAN'

'WAY-FARER'

'PREFACE'

We have to read the best books!
How to analyze whether a book is worth reading?

That is the work of a critic.
A critic has to write the preface for a book!

If a book or its author has to be hailed in a preface,
then a critic is not required!
“Preface” is not something which is written for name sake!

I wish to write the preface for the book “Wayfarer”[Vazhipokkan]
of God Yaghava!
That is, My aim is to show whether the book is worth reading and
useful to us.

A word is equivalent to a seed!
A writer is a person who turns our thoughts into words!
A seed which does not germinate,
A seed which does not give the yield,
is not a seed, even if it is in its shape.
In the same way,
A book which does not bring any clarity and change within a reader,
cannot be a book.
Useless bunch of words cannot make a Book!

Human beings born in the world face a lot of suffering!
Each one has separate problems!
To solve the problems
Man is working hard and earns money!
After earning money, another type of problem!

Problem, if there are no children!
Problem, if there are children!
'Human beings do not have any bondage of
Love, Affection, Justice, Honesty, Faithfulness!
Everything has gone in vain!
'World has gone bad!'
Everyone utters these words with distrust!

What is the reason for this?
Yaghava Munivar [God Yaghava] explains the reason
for this distrust in this
book 'Wayfarer' [Vazhipokkan]
God Yaghava is pointing out,
Why has this earth of fragrant blossoms
turned into a stinking insidious earth?

Aadhi Vedhas [Ancient Scripture] is the base for everything!
The earth evolved from the sound of vedhas!
If that sound stops, everything will stop!

Aadhi Vedhas! [Ancient Scriptures]
which existed 5000 years ago were true!

That Aadhi Vedhas! [Ancient Scriptures]
were reduced into ashes in the yagna fire!
The burnt Aadhi Vedhas
were trapped under the sea!

For the past 5000 years
which were considered as Vedhas
are not Vedhas, witchcraft!

Vedhas are all sacred!

But God Yaghava says,
'Whatever you are telling in the current period as Vedhas
are only witchcraft and they are not original!
The outcome of this will be awful' –

When the Vedhas were trapped under the sea,
witchcraft started growing vastly in this world!
Vices occupied all the places!
When the plants and birds were dancing with happiness,
Only the man cried in agony! Giants were created!
In the upper world 3 Kaandams [zones of the upper world]
were locked!
The pathway between the sky and the earth was locked and the
connection between the upper world and the human world failed.
So, the reign of demons started!
Giants and Ghosts

were sent happily
by the demons!
Because of this act,
the people frightened against
demons, magic, spells, witchcraft!
Because of the threat, people fell into religious devotion and
became slaves of the evil creatures!
Started roaming the temples
which were built by giants!
Started believing the
fake preachers and lying hypocrites
and gone in distress!
To get rid of sorrows and difficulties,
went to different places
and took Kavadi! [a ritual]
Confused with

What is right? and What is wrong?
Without distinguishing between
the truth and the lie,
started believing the stone
and gone in vain!
Dharmas [good deeds, good persons] were destroyed and
Karmas [sin, bad deeds and evil persons] started growing!
Telling that, 'There is no room for goodness'
men slowly became bad!

The thing which turned around
the life of mankind is explained
in this book by Yaghava!

Yaghava says 'Man laments only after
losing the vedhas [scriptures]'

“My Plants, Birds,
Creatures are all right!
Only mankind is not up to the mark!
Man is doing unusual things
and has become merciless!
Without self-realization, he is
on the wrong path
and gets griefs and miseries!
Like this man forgot to work and he started
cheating the world'
This is what Yaghava has portrayed in this Book!
Buddha found a great thing that,

“Desire is the cause for miseries”
What is the root cause for that desire?
It was found by Yaghava!

It is nothing but man's confusion!
What is the reason for this confusion?
The only appropriate answer to this
question is this book titled 'Wayfarer' [Vazhipokkan]

Ok...
How to believe what is said in this book?

When were the temples built?
Temples were first built
during the period of Pallavas!
If you go deep into the history,
You can find out the beginning of
worshipping of Gods, and the starting of religious devotion!
Which was the Pallava's period?
Pallavas ruled 700 years ago!

Is it not the devotional literatures came into light
and occupied in people's mind only
during the recent days?

In Demon's sovereignty there was injustice.
How long will this injustice continue?
Is there not a dawn period for mankind?
Yaghava says,
'Independence came in 1986 itself!

To destroy the Demons and
To rescue the [ancient scriptures]
Yaghava was born and won in 1986! Yaghava says,

"I came, won and went!"

“I came to this earth as a Wayfarer (Vazhipokkan)
I am going after solving the distress of the world!”

“Since 1986 I am plucking the witchcrafts
from its root which filled this earth”

“My work is to unveil the disguised
fake preachers and hypocrites”

Yaghava Munivar [GOD YAGHAVA] says, " I who is Yaghava munivar, will kill
the karmas [sins, bad deeds, evil persons] even when I am alive and also
when I am dead".

When did the portraits of the Gods we worship come into being?

Is it not an imaginary art form of
Ravivarma, the painter from Kerala?
When did Ravivarma live?
Did he not live in the last century?

When we analyze this, we will come to know
that Yaghava's statement is correct! Yaghava says,
"There were no temples in this human world before the imprisonment
of Aadhi Vedhas", [Ancient Scriptures]
He says "It had been 5000 years since the
vedhas were imprisoned", and he says,
"All this confusion arose during this period only!"
Let us analyze it!
We are going to gain by this analysis!

Not only this,
Let us analyze Yaghava also!
After 1986, What happened after the rescue of

Aadhi Vedhas?

After 1986, it is a bare truth that the attacks of the ghosts
have gone down!

Spell, Mantras, Witchcrafts,
have come down after 1986.

In the same way, Yaghava denotes
many natural changes.

All these have to be
analyzed to get clarity!

If these changes have happened truly
we will come to know

the great truths in Yaghava's statements.

Then only, Yaghava's rare and excellent philosophy
will be considered as beneficial to mankind.

To know who we are? To know

What happened to us?

To know how we should live, we must get ascertained by analyzing.

Caste, religions, rituals are surrounded in this world.

How should we lead our life?

Is religion & caste necessary?

Whom should we follow as our guide?

Yaghava gives answers to

all these simple questions.

Yaghava has not gone to school.

He is illiterate – But

in simple Tamil language, in beautiful Tamil language,

Yaghava has made everyone understand about his philosophies!

Is it not a wonder?
Is it not an analytical thing?
Without selfishness,

Not just thinking about the wellbeing of his kith and kin,
Yahgava's book is the one which shows the path to uplift all the people
in the world for their wellbeing,
which we have to read and follow!

'Congress will win' – But,
'Sonia Gandhi will not become Prime Minister'
'No one can get the rule from Kalaizhnar'
'Rajini is an avtar'
'Times are not good for the preachers'
'Throughout the world the royal throne
will get messy!'
'Crores of people will die due to huge calamities and destruction caused
by nature'.
We see everything that Yaghava foretold is happening now.

Yaghava is the one who
never thought of himself,
never talked for himself,
never gathered properties for himself,
Yaghava shined as a single sun
for the whole world as a common person!

Yaghava knew how to live!
Yaghava – Protected the good,
Destroyed the bad!

Yaghava arose
for the world's betterment.

Yaghava never cared about the appreciations or the trenchant criticisms!
We need not sing his praises!
Just if we can hear his words, then
our life will be good
and our country will be prosperous!

Yaghava is not with us now!
He said he will end his life in 2007 – But ended his life in 2000 itself!

'Aadhi Vedhas [Olden scriptures] were rescued in 1986.
The 3 divine books of Vedhas for mankind
are read in the upper world!
'To finish a divine book, it will take 7 years!
After finishing the 3 books, that is in 2007,
I will leave this world.' – said Yaghava
But,
On 26-12-2000 he passed away!
Before then, he told several people
that he will pass away earlier!

We have to write and register
all the truths which will prove useful for the next generation in future!

Yaghava's teachings are
merged in many books and audio/video files!

What Yaghava showed
was a new way, a sacred way!
"This way-farer is not the one
who walks on the path of field bund!
The path he walks is the
field bund for others!"
Yaghava said 'I created a new path,

that is a common
path for everyone!
To walk in that sacred way,
To guide this world,
Will Rajini come forward?

Yaghava said that,
'Rajini is an Avtar –
World will travel in the
path which he shows!
“You come behind me!
People will come behind you!”
Yaghava told this to Rajini!
Will it happen?
Let us wait, time will come!

'WAY-FARER' ENGLISH VERSION OF 'VAZHIPOKKAN'

1. I AM A MYSTERIOUS INCARNATION WITH GODLY POWERS!

The story of this Way-farer is a big story!
You are a Human being. I am a Way-farer!
A story of a person who wants to say
"You realize yourself" -
To read this you may take much time!
But,
It took very less time for the writer.

'You saw the seeds; Saw the trees;
Saw the vegetables; Saw the fruits;
Who saw the water & seed inside the fruit?

I Kept an insect inside the seed!
I am the one to ask you
'What do you realize while
seeing an insect which eats the fruit'?
But you are a human being.
This is the story of the one who
came to give you countless spiritual wisdom!
I dwell in PRAPANCHAM [ETERNAL WORLD] [eternal, spiritual
world, upper world, abode of Gods and Goddesses] where Gods,
Mystics, Rishis, Yogis, [divine sages of the upper world] and
Goddesses live!

I said, 'True Vedhas [ancient scriptures] existed 5000 years ago!
That is the ancient Vedha'!
I came to this world
to rescue that ancient Vedhas
from the mouth of the sea.

I was born to destroy the empire of evil demons, and monsters
and to rescue 33 crores of Gods and Goddesses.

I am the commander of the war and leading the war
between the monsters and the Gods!
I am omnipresent!
I am omnipotent! Almighty!

So far, I have taken 54 incarnations!
In all of my 53 incarnations, I was killed by the demons!
This 54th incarnation is my last one!

I was born in 40 countries in total!
The first was in America!
There, on foothills,
I was born to a washerman!

My sepulchers of my previous incarnations
are in Tanjore and Madurai!

Before 700 years, I do have in my memories
that I was herding cattles on the roads of Tanjore!
That was
the golden period of golden coins of Tanjore!
Palace in Tanjore is very vast and big!

Everyday,
Different poets from different places
would come and gather there!
They would sing poems for the King, get their rewards
and go on the streets all the time!

My soul is that which bears all the incidents of my previous 53 incarnations!

The world where you live is Hell!
Knowing that I have to take birth in this world,
All the Gods, Saints, mystics and Goddesses are crying in the upper world!
A Rishi said 'You have to loiter like a beggar,
roam like a street dog,
holding a begging bowl, you have to lick and eat the food like a dog. In the world of thieves, Oh! Dharma! [good deeds, charity, virtuous persons]
even if you go, is it not a struggle?
Let me Go"!

I know my strength and work!
Ants are happy! Bees are happy!
Plants and birds are also happy!

The toad inside the rock is also happy!
But,
I saw the man with six senses lamenting!
I started my mission to end the treachery
of this cunning world from the root!
That is,
The beginning of my story in this world!

Fields on the way!
Only field bund is the path!
The streets are filled with grains and the streets appear like a grain warehouse in Nellai district.
Ammanpuram is a village in Nellai district!
Next to it,

Keezh Puthukkudi – a typical village!

There my father and mother are suffering and caught in the clutch
of poverty!

Lakshmanan is my Father!

Isakkiammal is my Mother!

In 1940, my mother had the labour pain!

Though two [man and woman] unite,
mother is the one who bears the child
In her womb for 300 days!

It was like being reborn for the mother who bears the
incarnation of God in her womb!

For all the mothers, delivery is a double struggle!

But for the mothers who bear the Godly incarnations,
it is a triple struggle!

My mother
suffered a lot during her pregnancy!

My Mother was aware that in her womb there is a mysterious
incarnation of God!

When I was in her womb,
I would transform from one body to another!
The demons planned to kill me inside the womb itself.
But Goddesses saved me!

My mother
swirled like a snake and struggled with pain.
My father couldn't bear it!
Many treatments were given.
Finally, he
called the country doctors
and poured the poison into

my mother's mouth!
Even then,
The doctor who gave the poison
was infected by poison and died.

The impressions of the paths of history will
never perish!
In this world,
When a messenger of God was born in this world
there was a symptom in the sky!
A wonderful star with legs, walked through the clouds,
on the top of the country of Israel!

The divine theories which define the contents and import of the
sky and the earth, will never go wrong!
When Gods and Mystics take birth,
we can see some symptoms in the sky!
Nature outrages!

There is a well called 'Raja Nadar Well.'
It was situated on the west side of our house on the
south side of the street!
On 2nd March around 9 am,
My mother delivered me near the well!

The sky darkened! It was ready for heavy rain!
My mother gave birth to a male child!

When the baby was born and wrapped as a bundle,
she shouted for the second pain!
All my relatives caught her hands supportively!
Then it started raining!
Then came a sharp bright lightning!

My mother shouted aloud!
A baby came out of her womb crying!
It was me!
I came to this world!
My father was one among twins!
I have taken birth like him!
They named me, my father's name!
Yes.
My name is Lakshmanan!
I have 2 sisters!
First is Chellakani!
Second is Thangam!

If Gods were born,
that place would get shattered!
My mother could not bear the hardships
and the burden of poverty!
No one to help her!

When I was three years old,
One day, in the evening,
a huge crowd gathered at my house! My father passed away.
My mother was crying!
Within a short period, my sister
had gone handicapped!
I know that this is all a maneuver of demons!

When I was six years old,
One day,
My mother called me with
her weepy face. I went.
While weeping, she hugged me,
"Why didn't you die when I gave you birth,

and killed me too sinner?
Why should we suffer like this?”
She started crying aloud.
Then she tore her saree and gave me two pieces.
Also, she gave me a mud lid.

I understood!
I stared at my mother and very slowly
started walking towards the gate!
All of a sudden, a voice!
“Oh, mysterious one.... Look here!”
I turned to the side where the voice sounded,
Wow! What a surprise!

2. MY FAVORITE VEHICLE IS THE DONKEY!

“Oh! mysterious one!.... Look here!”
When I turned to the side where the voice sounded,
It was surprising! No one was there!
My mother was standing there!
I could not believe that it was my mother’s voice!
But,
She smiled at me!
The reason is that,
from my childhood, I would never stay at home.
I would loiter around the streets
without returning home!
My mother would wander in search of me!
Whenever I look at her face, she would have tears streaming
down her face!

After seeing my mother’s smiling face, I stepped out!

Before my house a dog was standing and
faithfully wagging its tail!
A friendship in the street!
I heard a sound above my head!
I lifted my head up and saw
a Garuda! [bird, a type of eagle found in Indonesia and India].
My voyage started in the direction of east
with a mud lid (used for closing the pot)
which was given by my mother!
How?
With the Dog following,
and with the Garuda flying on the top,
With a mud lid on a hand,
With a small cloth around my hip,

With a staff in my other hand!

Then,

I was only six years old!

Morning around at ten o' clock,

I walked around half a mile!

Sitting outside a poor house, I relaxed myself,

Started begging from some houses

to serve my lunch!

My house was immersed in poverty!

Mysterious Godly incarnations would take birth

only in poor houses!

Hence,

there would not be any proof

for my incarnation!

I shared my begging food with the dog!

Like this, I continued my travel

as one town per day!

What I am saying is

not a story or a dream!

I knew very well what would happen to me!

After knowing how much I have to suffer in life,

I spent three years begging!

While begging, I came across

different kinds of people!

Moulded molasses [moulded jaggery] were given in some shops!

In some shops people would drive me out!

Some of the people would say 'Uh.... What a hassle!'

Some of them would enquire,
"Who is your father and mother"?
I would say, 'They are no more!'
Wherever I go, I would spend my time
outside a poor house and under a tree
for staying and sleeping!

People often talk about, 'High caste, Low caste',

Only the low caste will help those who are in difficulties!
Those who brought me up were,
Farmers and Fishermen!
While begging, some gave food!
Some gave a quarter paisa with a hole!
I would tie the money in my waist rope!

I mostly stayed under the tree!
The reason,
Garuda would stay in the tree.
Under the shade of the tree, I would rest with my dog!
Whenever I could not walk, the dog would
bring a donkey from somewhere!
I would ride a donkey, when I could not walk!

When I was young, in our town there
was an Agraharam, [dwelling place of brahmins considered as
high caste]
No one dared to go there!
But,
By riding on a donkey, I would go into the Agraharam!
No one could stop me!
Even at that age, (6 years to 10 years)
I blessed those who gave me food!

By eating this begging food
I roamed hundreds of towns!

From my town Ammanpuram
I would go around Arumuganeri,
Tuticorin and Udankudi!
While roaming like this,
I would not see my mother
even for a month!

When they heard about me,
My mother and my sisters would come in search of me. They
would scold me and they would take me home
by pulling my long hair!
How? By scolding,
“Mysterious one! Where have you gone
leaving us stranded?”

Even if they bring me home,
At dawn, Garuda would fly around my house!
My mother would scold me,
'Your men have arrived'!

You may ask why I am
loitering like this?

The reason is, I was born only
to destroy the demons and the monsters.
That is why I am loitering!
The time when I was in my mother's womb,
I would go to a different world daily.
That's why I always have a dog with me!

I use it for transformation!

Until the age of nine, I was begging for life.

After then,

I started rearing the goats and cows!

All the 70 cows of my town were

reared by me and Pichandi Konar!

The wage was a quarter paisa for a cow per month!

We would collect and sell the dung.

The dung of the cow from the way by me

and the dung of the cow from the grazing land by Pichandi!

During these days,

I learnt the Tamil song,

“Othaamal oru naalum

irukka vendaam” [famous tamil poem]

from the school going students!

At that time,

My brother Ramachandran was

studying in school!

While herding the cow near Moolakarai,

I fell into a well!

You may be surprised if you know

who saved me!

After falling into the well

I struggled to get out of it!

If I say a bird saved me

You may get surprised!

How!

After seeing me falling into the well,

Garuda gathered its crowd and
flying around the well with noise!
After seeing this,
An old man who was driving a cart
pulled me out of the well with the help of a rope!
Then I was nine years old!

Even at this age, I never stayed at home!
In Ammanpuram, in a lower caste house,
that is
Ganapathy's mother Pechiyamma
brought me up!
Leaving my house, I stayed only
in their house for a long time!
But,
I escaped from them also and ran away
to Poochikadu and Kayapalli
along with the dog and garuda!

While roaming like this,
I would heal the haunted people
by sprinkling water upon their face!
I would give water to the sick and
they would get healed!

Even my mother would ask me to give
water from my hands to
our sick neighbours!

Even if I heal like this
I hate
palmistry, astrology
since my childhood!

The reason is,

I would tell everyone that
'Even the betel leaf has prints on it!
But it is not seeing its forecast'

I passed my childhood
by begging, shepherding and wandering!
But several times, I went near the school!
If you know the reason,
You will laugh! Why?
I would get the slate pencil
from the students and eat it!
I had so much desire for that slate pencil!
I laugh even today if I think of it!

While begging and while shepherding
my favorite vehicle was the donkey!
By riding on a donkey, I would go into the Agraharam [dwelling
place of brahmin community]

A Place where no one dared to go!

I would also catch fish from the pond differently!
Everyone used to take the fishing rod to catch fish.
I would take some stones and throw them in the water.
The fishes in the water would fall on the ground!

Even when I know so many things
apart from the capacity of thinking of a human brain,
I will not show it off!
By seeing a man's face,
that is by seeing his forehead

I had the power of predicting
his birth till death!
Such a divine power was in me from my young age!
How?
Forehead has 9 lines!
They have 9 letters for 9 lines!
Totally 81 letters are there!
I will predict depending upon their nature!

Like this,
The mysterious power which I had
was known only to 3 people,
My mother, sister and my aunty.
I was careful not to let anyone know about my divine powers!
The reason was fear!

Out of fear that people may call me
a sage, astrologist or magician
Because,
I was born to destroy the evils!

Whatever I was afraid of, it just happened!
A person came to know
about my mysterious power!
Who is he?
How did he know?

He is Kakkabai from Kayalpattinam!
He watched me several times
when I was herding the cows!
He spoke to me.
He came to my house and
asked my mother..

What did he ask my mother?

He said that he wants to foster me!

What did he say?

“He is a mysterious, divine incarnation!

You don’t know about him”

He would carry me on his lap,

and give me orange candy!

My sister denied his wish!

After then, he used to come

twice in a year to meet me!

After then only, at the age of 11

I got the power to destroy the demons!

I transformed from body to another,

went to the upper world and

destroyed the giants!

After then,

I started breaking the firewoods

and started my business!

For some time, my life was

running on agriculture!

For the first time, at the age of seventeen,

I came to Chennai and stayed in Tondiarpet!

Where?

As a cook for sixteen persons in

Sivalinga Nadar Stores!

Monthly Five Rupees was my salary!

I would send that to my mother!

I used to prepare the spices, flour

everything by myself!

After a year, I went to Mumbai!

Why did I go there? For what?

What did I do there?'

3. LIVING BY WORKING IS SPIRITUALITY!

In my birth, there are many secrets!
You keep asking the questions!
I will continue to dilate in my answers!

Oh! Mankind! What did you buy?
What did you sell?
What is remaining in your hand?
Is there any meaning for your accounts?

You have the deed of land!
I have your deed of destiny with me!
My word is a seed!
A fruit may perish but not a seed!
It will yield a number of trees!

What is the length of your vision?
Can you see the destiny with your own eyes?

Can you see your soul?
Your eyes can't even see the top of your eyelids?
By staring at me,
What are you going to understand?

In Mumbai I was a labourer!
Kasi Nadar had 3 shops there
in the name of Ganapathy Stores!
One is in Matunga,
One is in Chembur,
Another one is in Vile Parle!

My work was to carry the oil on my head

and to sell it house by house!
My salary was fifteen rupees per month!
Your knowledge may ask you!
'The one who created this universe
and its living beings and plants and who is omnipresent,
may take just a second to make wealth',

But work,
Is it not to be realized by life?
If two people are eating by working, one eats without earning.
Who will regularize him?

Man is ignoring work.
Saying that it is his fate and
wandering with laziness!

Going to the astrologist and saying that
'Saturn is there, Kethu [lunar south node] is there...
Rahu [lunar north node. Rahu and Kethu are shadow planets in
Indian mythology and astrology] is there'... and by saying like this
How can he stabilize?

I am telling you firmly,
Living by working is spirituality!
Helping others is also spirituality!
Living without harming others is also a kind of spirituality!
To praise and worship father and mother
is a kind of spirituality!
Realizing the self is also a kind of spirituality!

Working is also a spiritual work!
Spirituality is in the dancing of the plants
and in the smiling of the birds.

Living in Bombay was not there for a long time!
Within 5 years, I came back to my native village!

Every day, I would go to the river to swim.
I would cut the firewoods and sell them.
I would sleep in the graveyard.
I would be leaning in the shade of the tree!

Though I am a guide to the birds,
In this world, for a bird,
I am just like a baby! Swans
would come in flocks!
and would give fruits!
Stay in the branches
Converse with me and would have a divine relationship!
Man knows.... only tittle-tattle!
But,
Look at the trees!
It talks about labour!
Trees have not stolen anything!

If a tree is arrogant,
You can see many vegetables & fruits in it!
If you are arrogant, is it not a justice that
you should also help others like a tree?
You are not working but bloating.
You mock the people who work hard!

The great saints who were born in this world also worked hard.
Who has not worked?
Came as a businessman!
Came as a carpenter!

Don't underestimate me
by looking at this body and dress!

When I was 24 years old,
My marriage was fixed!
Life without marriage is like
living life in the graveyard!

My marriage was fixed
only to make people understand this moral!
The girl belongs to Mela Pudhukudi,
A village nearby ours!
She is my aunt's daughter!
My father's sister's daughter!
Her name is Pushpa!
She is not a mysterious incarnation or Goddess,
An ordinary woman!

The very first day of my marriage
I told her that our married life is only for a few days!
She was stunned!
I was looking like a puzzle to her!
After then,
So many were surprised
as my predictions proved true!
The bird that was flying in the sky
bowed me by bringing its both
wings together!
Those who saw this were astonished!
So many forgot themselves
after hearing the wisdom in my words!
Even then, Oh! Man!
I am not bothered about your feelings!

You need not suffer like me
and I do not need your pleasures!

I am just a Way-farer crossing you!
My route is separate!
Begging, shepherding, sleeping
in the graveyard, breaking the woods
were all to be fulfilled in my life!
In this drama –
There were so many powers
wandered to protect and destroy me!

Donkey beared me! Birds guided me!
Trees gave me shade! Cows stood around me
As a guard!
While I was standing in the forest or at home,
they cried affectionately as they saw me!

Men saw me going all alone!
But the Prapancham [eternal world] [eternal world, spiritual
world, abode of Gods and Goddesses] saw me
walking with Goddesses!

I lived in extreme poverty!
But I can tell surely,
Those who took the begging plate in their hands
got wisdom and enlightened!

Swans, Garudas, Dogs and Donkeys
recognized me!
All these were friends to me!

On the other side,
Many false living creatures waited for the
appropriate time to destroy me!
Snake, Fox, Pig, Buffalo and Cuckoo are considered as false
creatures!

The fox, which does not know to hunt,
will hunt the other animal's prey and will eat cunningly!
The snake which does not know how to dig its nest,
will drive away the rats from its nest
and will hide in its nest!
The buffalo which swirls in gutter,
The pig which eats everything,
The cuckoo which enchants with its song
doesn't know how to build its nest!
They belong to the clan of demoness,
Dasis [illegal women, prostitutes, temptress] and Thavasis
[pretenders, sorceress] [all belong to the clan of demoness]

In the war of protection and destruction, don't think that
silly creatures stand on a line as a team.
The movement behind this is very big!

These are just small sparkles of a great age
that can explode and scatter many eras!

4. THIS HUMAN WORLD WILL NEVER GET DESTROYED!

As the ages roll on, will the world explode and disintegrate?

The truth is that,
The war between the Gods and monsters was beyond
the limits of time!
In that,
I have born
to rescue the Gods
If I had failed even this time,
definitely that terror would have happened!

So, in my 54th incarnation,
If I had missed to destroy
the monsters at my age of 46,
Ohhh!
What would have happened to this world?
If I try to tell that
even my words will tremble!
Stars would have tumbled down.
Sky would have made thunder noise. Sky
would have started to explode and scatter!
Everywhere fire would have outraged!

Nature would have played its terrific role!
The prediction of a mystic that 'In the year 2000, the world will
come to an end'
would have come true!
With that, my state also would have
become bad!

In all my 53 incarnations

I was killed by the Demons!
I told to my near ones
What has to be done if it happens this time also!

On 3rd March 1986
I have to finish all my work!
If it does not happen...
Many powers will get occupied
in my head!
After that, I will become mad!
My relations will loiter many places
to get me healed!
It is none other than
a place near Udankudi
in Nellai District!

It is a Village named Chettiyapathu!
They will take me there!
The temple over there is very powerful!
In front of the temple there is
a tall tamarind tree which strongly has its roots in the soil!
A girl of 7 years will pass by
carrying a baby. Then,
the baby would sneeze.
If that place is dug,
in the 6th feet, like a chain
a root will be found.
As I am mad, they will remove the chain tied on my hands and I
will be tied with that root in that tree!
On the 17th day, there will be a relief for this!
My elder sister will come in search of me!
She will give me drinking water!
When I drink that water

I will get healed!

Even then,
I will get a deadly disease!

It is just like leprosy which
makes the man sit in a corner!
People will mock me!
Street after street they will chase me and trouble me!
At last,
They will throw stones at me and they will kill me!
With that my 54th incarnation
will come to an end!
By defeating me the monsters will
get another victory!

If there are two paths, we avoid a path
and travel on the other path!
Likewise,
The path to subject me to utter devastation
didn't exist at all!
I attained the stage of completion in my
forty sixth year!
So, the world has escaped!

I overcame the treachery, as I had the ability to forecast the
future!
I won this battle against demons!
A lot of snakes which came to destroy me in the battle by biting
my third finger of my feet
were all overthrown and destroyed!

Thadayavan, [Head of the evil creations] who imprisoned the

thirty-three crores of Gods, was destroyed!
Since 3rd March 1986,
I am weeding the spells in the world from the root
and destroying them!
Even then,
The stench of the same
will vanish only after 2005!

At the age of eleven, I killed the Demon!
At the age of twenty-two, I killed the Monster!
At the age of Forty-three, I killed Thadayavan!
At the age of Forty-five, I killed all the Demonesses!
At the age of Forty-six, I rescued the Aadhi Vedas [original ancient
scriptures in Inanyam language 5000 years ago]
from the sea!
So, I have fulfilled my duty for which I was born!

The places where the Gods lived
were called "Holy Places"!

We have to go in search of the river.
River will not come in search of us!
A man who cannot bear the scorching sun
will go to the shade of a tree!
A man who cannot bear his sorrows
will go in search of Saints!
Persons who were born as Saints
have huge duties on earth!

I came as a Way-farer!
I am rescuing the world from sorcery and going!
You have seen the floor!

I have seen the shore!
My knowledge cannot get into anything!
Even then,
I don't have anything left out!

If you think of doing riot,
Your soul will punish you!
Make your body think for yourself!
Otherwise,
I will make you think!
I will make you mourn with hunger and starvation,
and control your arrogance!

The clay pot and the human birth are one and the same!

How long will it take to destroy it for its creator?

I am not a Way-farer who walks on the field bund!
The way I cross will become a field bund for others!

Like you travel from one place to another,
I am travelling every day on the
streets of PRAPANCHAM [ETERNAL WORLD] [eternal world,
spiritual world, upper world abode of Gods and Goddesses]!
Don't argue anything about this
Yugam [human world] anymore!

The day, when a flower stops giving its fragrance,
When the girls are unable to reach their puberty,
When the flowers don't have honey inside,
That will be the day when this world
will be destroyed!
Yes!

I am telling you confidently!

This human world will never get destroyed!

5. CREATION IS DIVINITY!

Let me tell you about my house!
Prapancham [eternal world] is my house!
Prapancham [eternal world] is the origin of everything!
It is a paradise of mysterious godly incarnations where all the
unseen beauties of the world were
put together and was created!
That is also God's abode!

The Eternal world was manifested by itself
in the void long ago!
It's time frame will not
fit into our ideas!
'Brahma', 'Vishnu', 'Shiva'
in terms of DHANA MUNI,
THAVA MUNI AND THARKKA MUNI!
Lakshmi, Saraswathi, Parvathy
are called in PRAPANCHAM [ETERNAL WORLD] as,
VASIYA, NUNVA, YANYA!
Naradha is INANYAMUNI!
Under them there are crores of Gods
and Siddhas [Mystics]
live in the Eternal world!

Day and Night are here in this world where you live!
In Prapancham [eternal world], there is no night!
That is a place with floods of light!
It is a glowing world of brightness!

This Prapancham [eternal world] is of 3 kinds!
YAGHA PRAPANCHAM, YATHVA PRAPANCHAM, SHASHVA
PRAPANCHAM. [Name of the eternal world told by Yaghava in

Inanyam language, considered as divine language of Gods existed in the world 5000 years ago]

A Prapancham [eternal world] consists of 111 Zones.

Totally,

333 Mandalams [Zones of the upper world] are there!

108 Kaandams [Zones in the upper world where virtuous souls dwell] are there!

The number of suns

orbiting the Prapancham [eternal world] are numerous and incalculable!

In all the worlds there are living beings and also plants!

There is also a YASHYA KANDAM!

That is the Judgement place where your sins and good deeds are counted!

As the pot is made by

blowing the fire,

You are made by

blowing the life within!

After sowing the seeds, without sleeping, the farmer goes around the field to safeguard the plants....

In the same way...

My work is to go around the world!

Creating only is my work!

Don't claim rights to it!

You say that you have done so many things in science...

Have you created a seed?
You say that you have done a lot of things.
Have you ever made a dead person wake up?
Do the clouds join together according to your wish?
Can you measure the sky?
When will you reach the distance your eyes see?

In the forest,
The fawn is running after its mother
immediately when it is born!
Even the calf runs after its mother
within seconds and calls 'mmaaa'!
But,
You take a year to walk!
You take a year to talk!
You, without realizing yourself,
How can you realize me?

From the beginning, I am the light, in that sea of light, soul is
created, then I mingle in you in the form of soul. One day, your
body reduces into ashes. Your soul becomes mine. I will be your
soul and stand!
How will you get peace?

Oh! Mankind! You have taken a futile body.
You roam around the streets.

Then, after seeing the dead body in the coffin,
Why are you screaming?
Tomorrow you may die!
Don't you know that?

What one can say to the lazy person
who blows the dead conch shell
for a dead person?

See how even the shell inside the
water will get into lust by seeing
the dark clouds?

It opens up its wings to
take a drop of water inside,
and gives birth to a pearl.
What does it mean?

Even after consuming the dirty water
Is not coconut tree
giving you sweet water?
If man comes to know about
the ethics of a coconut tree,
he can understand the
Spirituality of this Universe!

A human body was kept inside the tissues!
A soul was kept inside the body!
I kept you in your mother's womb
I kept your death in the womb of destiny!
I am the one who kept nine sense organs,
Kept twenty wisdom eyes,
Two physical eyes.

A forehead eye,
Totally twenty-three eyes!
With two locks, I closed the nine chambers in the skull!

When two persons [man and woman] come together

for conjugal happiness, by
opening the womb and then by
throwing a drop of water,
I am the one who locked the womb and
took the keys!
Who am I rather than a thief?
Do you realize?

Within that nine seconds
I have drawn your fate!
I made your human faces different from each other!
Created the genders into two
and kept the soul as one!

Those who perform DHARMA [charity] are high class,
They get salvation in my eternal world!
Those who perform KARMA [sins] are low class,
They get deadly diseases!

Totally 333 Zones of Prapancham [eternal world]
have crept as 333 nerves
in the human body in the same number.
In the same numeral, there are plants and divine herbs!

This is what taught by
the ancient mystics!
I have made the other
living beings and plants
only for you!

The flowers are smiling at you!
Saying without words
'Look at my beauty!'

Even the bees which perch on it
do not take the honey for themselves!
It gives only to you!
Do the bees that perch on the flower
to extract honey
ever sit in a dirty place?
The functioning method of creations
have never gone wrong!

But,
In the creation, only man,
He has gone strange!
All his actions have become strange!

He worships God by bringing both of his hands together!
Also, he brings his two hands together
for the one who threatens him with a knife!
What to say?

As there are 3 Prapancham [eternal world],
Man's soul is also classified as three!
AATHMA, YATHMA, YAGATHMA [different status of soul in body,
according to age]
In these 3 classifications, man has to rotate!

"Aathma "signifies the period from the day the human creature is
formed in the mother's womb up to 25 years!
In that he has to learn a lot!
The period which starts from 25 years signifies "Yathma stage"
In this stage only, he has to work
and search for wealth!
The period which starts from 50 years signifies "Yagathma stage"
In this stage only, he has to search

his creator!

Till his 75 years, he has threats for his life
in this world!

After then,

If he lives, it is a waste!

6. WOMEN ARE THE CUSTODIANS OF VEDHAS!

Before several crores of years ago,
One day...
the Eternal world was so wonderfully evolved out of vacuity
without any beginning and end!
Vedhas also emerged at that time only!

When this world was created,
The sun arose in the north!
and the sun set in the south!
Even though the Prapancham [eternal world]
is the root source for the Vedhas,
Only Brahma the creator, [in hindhu religion] created vedhas!
That Vedhas' written form is called 'BRAHMA LIPI' [the divine
writings of God]
in the eternal world!

The five Vedas are,
PRANAM, VASIYANTHAM, SATHYAM, ARIYANTHAM, UGANTHAM

There are crores and crores of books of vedhas,
In that,
Only 3 books belong to this human world!
They are,
KRANTHA, KRANTHANA & KRANTHAGAA!

Vedhas have no religion!
In the dawn of a single sun, like the rays of light
which rushes into the whole world
Vedha stands without any boundaries!
It is a breeze that blows beyond the fence!
In short, Vedhas are common!

Those Vedhas are uttered by Goddesses!
I am telling confidently,
The women who wear flowers
are the custodians of Vedhas!

When the sound of Vedhas reached the earth,
the waves formed in the water!
The work of the waves is to make that sound reach the shore!
Sit on the side of a river and watch!
The waves of the river constantly
coming to the shore
in search of something
and returns back scattered!
Do you know its inner meaning?

In the rain and in the thunder,
In the air and in the sound
of the water falls arises the sound
of Vedhas. Can you hear that sound?

The sound of Vedha
is the movement of the world!
If the sound stops,
everything will stop!

Keeping the honey inside the
flower is the work of Vedhas!
Even giving sweetness to honey
is the work of Vedhas!
To a farmer who sows
a bundle of grain, it is
Vedhas which return it

back to a hundred bundles!

Vedhas are pristine and pure!

But,

What you are thinking as Vedhas
are just witchcraft!

Those are recited for the dead bodies!

Reciting for the purpose of wisdom is Vedha!

I say, to help others is
real spirituality!

Don't perform Yagna
by reciting the Vedhas!

That is witchcraft!

It will help only to
fulfill the revenge!

All these are not Vedhas!

To put it in a single sentence,

For the past 5000 years, what you are reciting and believing as
vedhas are

not Vedhas, only witchcraft!

That means,

What happened to the real Vedhas?

Where is it?

Ancient Vedhas, which I was mentioning
were locked 5000 years ago!

By whom? Why?

To find out the answers
for this question,

I have to unveil some lies here!

This is the time to reveal the truth!

Gods Brahma, Vishnu, Shiva,
Goddesses Lakshmi, Saraswathi, Parvathi
All these six had a wish!
The wish of having a son for them!
Naradha was the fruit of their wish!
That means,
Naradha, who takes care of this human world, [yugham]!
is the beloved son of these supreme Gods and Goddesses!
Naradha used to roam
the whole Universe!
His food is
Wisdom[fragrance] of the flower!

Brahma knows everything like how to
Create, protect and destroy!
Naradha knows only to create!
He does not know how to destroy!
Shiva knows only to destroy!

Shiva longed for
the gift of creation! Naradha was ensnared by
the cunning craft of Shiva!
Somehow,
He got the boon of creation
from Naradha!
When Naradha gave that gift
to Shiva, a big quake occurred! Narada fell prey and he was
trapped by the cunningness of gifted Shiva!

Shiva imprisoned Naradha
in water and fire!
Naradha, who has the boon of

immortality came out again and again!
Shiva was outraged. So he
opened a tall grown tree
into two parts like a book,
imprisoned Naradha inside
and locked him tightly,
so that he could not escape!

Only after then, the
giants were created!
Double horned, and with
horn on their forehead,
illegal women and demonesses with 34 teeth
were started to be born into this human world!
Thadayavan emerged as the head of the evil creations!
Charity was destroyed and
the sins started growing!

At this time
Shiva arranged a Yagna!
In this fire of yagna
Vedhas were reduced into ashes!
Then,
A strong wind which could
devastate the whole universe
blew and the ashes of vedhas
flew in space!

By seeing this,
A Goddess from the Paradise,
opened the mouth of the sea
and placed the Vedhas underneath the sea!
This is the story of the Vedha

which was caught under the sea in the form of ashes!

Vedhas,
After when it caught under the sea,
Witchcrafts started to grow
in this world!
It filled all over the world!
When the plants and birds
danced and cheered,
only the man was crying!
His crying sound echoed in Paradise!

When the Gods started
coming to the world to rescue humans,
where the witchcrafts have grown
Thadayavan started imprisoning them!

The imprisoned Gods have to be rescued.
Naradha has to be rescued. The ancient Vedhas
have to be rescued
from the mouth of the sea.
Who will do all these?
When this question was raised
in the Paradise,

I started to incarnate in this world!
In my past 53 incarnations,
I was killed!
In this 54th incarnation
wonders that had happened...
It cannot be said in words...
That was a great war which
I fought under the sea!

7. AADHIVEDHAS [ANCIENT SCRIPTURES] WERE RESCUED!

Vedhas have to be rescued
from the sea!

But,

The sea is very dangerous!

For a long time,

it was the cave of monsters!

The plants beneath the sea are dangerous!

It had hot springs also!

Eight-legged living beings are living there
which catches and kills like an iguana!

When the Vedhas were caught under the sea

The 3 zones of the eternal world were locked!

The names of those zones are

INALVA KAANDAM, INAISTHUYA KAANDAM, IGAITHUYA KAANDAM.

That was also the way through which,

Dharmas [virtuous persons] can go from the

Eternal world to the human world and from the human world to
the Eternal world!

Shiva and demons

have locked this down!

After these zones have been locked,

the rule of the demons started!

Releasing the

Goblins and Phantoms was like a jubilation for them!

Because of these releases,

people got trembled

of Devil, Black Magic and Witchcraft! People started to worship
the snake!

Man feared that he would get destroyed!

He thought worshipping evil would protect him!

Illusion filled this world!

Before the imprisonment of Vedhas, temples did not exist!

People went in search of

Gods and Siddhas[mystics]!

Their dwelling places were flat

and those were the rescuing

places for the people's suffering and diseases!

In that early period,

there were no educated people.

In this world,

Everyone realized the divine wisdom of Siddhas!

After the imprisonment of Vedhas,

lusts like

Amor and art of cupids

started to grow in this world!

The giants were

created by the Demons.

They came to this world

by carrying big stones,

gathered them together,

and built many temples!

Many of the temples were

built only by the giants!

That is why,

I say that, marriages should not be performed

in temples by reciting mantras

and by tying knots with sacred thread. [an Indian marriage ritual]!

Even if it is done,
the Mangal Sutra [sacred thread] should be
dipped in water
and should be worn again!

Though Shiva created the demons,
Even then, at some point, the atrocities of demons
went out of limit.
Shiva had to face huge troubles due to the
hierarchy of demons!
He realized that what he wished that
everyone should worship him
had gone in vain!
He lamented and
when he appealed in the Eternal world,
decision was made to set right
the mistakes which were made!

To rescue Naradha from the prison,
To open the zones
and to rescue the vedhas from the sea
and handover the same in the eternal world
became my duty!

We gave a small spear
to Shiva!
By uttering the following lines of vedhas,
'IGANTHA, IGANTHANA, IGANTHAVA'[Inanyam language] when
the weapon was thrown on the tree where
Naradha was locked,
a huge fire was caught under the tree!
The tree was broken
into two and fell down!

Until then, Naradha, who had been
painfully uttering
'Yaghava, Yaghava, Yaghava' from inside the tree,
was overjoyed to see us!

Holding a Staff in a hand,
and Kamandalam [an oblong water pot usually in metal] in his
other hand!

Naradha, who was rescued
bowed down to me and sought my permission to
return to the eternal world!

I told Naradha that the locked zones of the Eternal world were
blocked by two huge snakes,
on the way of the upper world. I said "The moment
when you reach these
zones, I will tell the words of
the Vedha loudly!

On hearing my voice
the two snakes will die!

Only after that,
the zones through which Dharmas enter and exit will open!

After it gets opened, I will
go to the sea

to rescue the Vedhas!

Everything happened exactly as I said!

In the year of 1986, by transforming,
I shifted from one body to another to the
sea shore of South Africa!

The sea shore was full of
yellow stones and crystals!

When I went around 1000 miles
under the sea, I saw that
2 giant fishes staring at me!
They are not fishes!
2 different creatures in the form of fish!

One was a giant who struggled to
capture and seize the Vedhas, but couldn't do so!
Another was a God who struggled to save but was unable to
rescue Vedhas!

The giant fish recognized me!
It caught me immediately!
When it swallowed me till my neck,
I chanted the lines of Vedhas loudly!

Those words were,
"KAVANA, KAVANA, KATTANAVA"! [inanyam language]
When I uttered this, the
giant in the form of fish scattered into pieces!
The God in the form of fish who was watching
was so happy and led me
into the deep sea!

There were
huge caves in that place, and it was too dark!
While going around that we
came across a fantastic cave!
Inside that,
The Vedha, which had been searched
for 5000 years, it was safe there!
When I took it and came to
the water surface,

Goddess Parvathi was standing there
with her hands opened like a lotus!
I handed the vedhas to her and
she submitted that to
YAGHA PRAPANCHAM [name of an eternal world]!

After when I rescued the vedhas, The five headed snake
carried me
to the seashore!
After reaching the shore,
it died and drowned into the sea!
That was the last five headed snake
in this world!
That was an indication that
a huge evil was destroyed!

When the divine books of Vedhas were rescued
Seven hurricanes formed in the sea!
For 21 days around the sun
a big circle of light appeared!

On 3rd March, 1986th year
The book was owned by the upper world.
In YAGHA PRAPANCHAM [ETERNAL WORLD],
from that time, the divine books of Vedhas
are being read!

To read a book
It will take 7 years!
There are 3 books for this human world!
After completing the reading
of these books,
that is,

in 2007, my 54th incarnation
will be fulfilled!

My 1st incarnation was in America!
The last was in India!

I say firmly that no one can
shake these 2 countries!

As the real Vedhas were rescued
Let me tell you about the troubles that fake monks are going to
face!

8. MY DUTY IS TO REMOVE THE MASK OF THE SAGES!

Do not worship the
fake monks anymore!
Why pay respect to these cheaters?
You are deceived by your fear!
You are also deceived by your belief!
I say it is not necessary!
You, be realistic!
All that happens will be good!

When there was no security, the man did his duty!
When there was dark,
Theft did not happen!
When there were no temples, the man was of
good character!
For how long will you
worship the stone?
The stone was used by washer men!
The stone was used to worship also!
The washer man gets profit!
What did you get after worshipping stone?

The land doesn't have religion!
The water doesn't have religion!
The salt which forms without
seed doesn't have religion!
Oh! Mankind!
You are running madly behind religion.
Have you forgotten that
a death was kept for you?

The fake monks who earns through religion

don't have wisdom or knowledge today.
That is why he needs an identity!
He grows his beard!
He wears a saffron dress!
He builds colleges and schools!
Along with it, he has built temples
for profit!
Nowadays,
The temples are only
for robbery!

My work is to unveil the mask
of all fake monks throughout the world!

Since 1941, the temples
have started to ruin!
Now on, a time is going to come when temples may
not even get painted!

Since 2005,
Huge temples will be destroyed!
From now on, it is a time of destruction for all the temples!
The days are very near. You will witness this!
Oh! man! With your knowledge, you will realize who you are!

Yes,
I am the one who is
destroying the temples!
I am the one who is
making the forecasters stupid!
I am the one who is
taking revenge on wizards!

The reason is,
You are threatening
the people by your magic and witchcraft!
Hence,
I am destroying your magic
with the help of Vedhas!

The bad time has started
for the fake monks!
I have already informed
that young girls will suffer
because of the fake monks!
Even now I am telling....

The young girls are in trouble
till the fake sages are there!

A few years ago, rumors spread that
Pillayar [idol of a god] was drinking milk
in the North and South of India!
What to say about the people who are willing to believe this too?

A sage.... tried to earn
profit even in this.
Chandra Swamy...
He lied saying that he was the
one who made Pillayar to drink milk!
I told him, 'Are you making Pillayar to drink milk?
Let me make you drink milk in the prison'!
That too,
I openly challenged
in a function where Governor
Chenna Reddy attended!

What happened to Chandra Swamy today?
Chandra Swamy's true
colour came to light, and now
he has become 'The Saluting sage' in prison!

Premananda in Trichy!
The sage who gave
ashes [as blessings] from his bare hand!

I, Yaghava is keeping a challenge
before all the fake sages who give
ashes from their bare hands!
Can you bring water
from your bare hand?
Challenge.... Let us see!
You sinner!
If you can bring spices, at least it can be used for food!

Within a few days,
The sage who had brought ash from his bare hands, also
brought Linga[idol of deity, considered as Lord shiva] from his
mouth!
If you are able to bring the God from your mouth,
Are you able to come out of the prison –
Can you?

I am telling you firmly,
It is going to be very rare for the
saffron dressed monks come out even to the market places!
Vedhas are there to heal the Soul's ailments!
Who are you to heal the physical ailment?

You are saying,

'Blind sees, handicap runs'
The day is coming near when
your disguise will come to an end!
Your secrets are

going to be revealed!
Let me tell you another instance!
Sometime before,
A Dancing sage was enjoying his dance so much!
He is a very big dancer!
Dancing is spirituality for him!
It was me who brought him to light!
Today you can't even find his address!
What happened to the group behind him?
They are experiencing new
adventures in the prison!

At least hereafter, it is good if
man changes his view
in respect of religion!
The messengers and siddhas
are sent to this world to
sprinkle wisdom!
But,
You have created a religion out
of what they said!
That is your fault!
Your soul does not have
any religion!
Religion is prisoned inside
your thoughts!
Let that free!

I will not allow any of the
snatchings in the name of religion!
All the places where the fake sages live
are uncultivated dry land!
Destruction has started for
all the sages of the world!
I Will kill all the fake sages
even when I am alive, and also when I am dead!

9. HUMBLENESS OF THE INCARNATION!

Before 2 years, some people
came to see me from
a Tamil newspaper!
That was a famous
political newspaper!

The press asked me
“You have to speak to
a spiritual person...
If you don’t mind, we
can keep the meeting
in your ashram itself”

First, I was not interested!
But, they troubled me
for three months!
What to do?
At last, I agreed
because of their hassle!

After a week in an evening, ostentatiously attired
dancing sage entered into

my Ashram, along with that press
with a big boast!
I haven’t seen him before that!

I asked, “Who are you?”
He said with a smile,
“I am Vishnu, the God
who protects this world!

I am Vishnu!"

"Who told you that?"

"In the divine books it is written
that I am Krishna Bhagwan! [Lord krishna]

Not only that

Yogi Ramsurath Kumar,

Elder Sankarachariyar –

All have said that' I am an incarnation of God!"

"Don't lie!

You don't deserve to talk about them.

Stop talking!"

When I said this with irritation,

He lost his temper!

"I have the divine symbol of chakras [chakra means disc like
throwing powerful weapon of Lord Vishnu in Hindhu religion] and
conch-shell, [considered as divine]
on my body!

Daily my face is reflecting in the sun!

I am God"!

He started screaming!

"You are cheating the people!

Today I am telling you,

Listen! Before 2002

You will get disgraced and you
will go to jail!

Without this incident, the year 2003 will not begin!

Yaghava's words will never
go wrong" – I said!

After hearing this,

his temper shot up!
And he told me,
“Don’t blabber in hallucination”
I slapped him right there!

Those who came were all panicked.
After a few days,
I came to know that behind this meeting
a wicked plan was being hatched!

The pressman whom I mentioned above was also involved
in that conspiracy!
Some others also have their share!
They thought it was easy to bring me down!
Their thoughts will not come true,
and it will never come true!
'Yaghava is a cataclysm who will not come into their clutches'!

'A new person has appeared!
The people should have to be careful
with him'
A prominent figure addressed me like this!
The reason for calling him
'A prominent figure', is that

He was in the highest ranking position in this country!
Yes... he was the president!

After few days of his addressing,
A function was arranged in
Ragavendra marriage hall
in which I have to attend!

That was an event for
very famous political leaders,
ministers and high police officials!
In that event,
I retaliated openly against him!
It made a great stir then!

After some days
of this event,
A sage, along with
some sages came
to my Ashram!
His name was Balakrishna Joshi!
Very old and matured sage,
who belongs to North India!
He may be 83 years of age!
He was close to the president whom I mentioned before!
He spoke for a long time!
“For Godly incarnations, there is
no differentiation like caste and religion.
They cross all these boundaries!

Hence, no one should
talk about it!
Yaghava, you are
common to all!
You have immense power!
I can realize that!
You have to give full
grace to the people!
That is our wish' he said this
and he went off!

I peeled off the disguise of
a fake sage
who told that
he is God Krishna,
But,
In fact, an incarnation
came in search of me
with his humbleness and modesty!
That was a sweet experience!

This year,
During the month of February
One day.... Evening
around 6pm,
A car entered my Ashram!
As it came in
there was a slight sensation!
A middle-aged man stepped down from the car!

Simple white dress!
Slightly whitened beard!
Clear face like a flower as if washed

in the cool rain water.
Generous smile!
My two sons brought him before me!
After seeing me,
He gathered his hand
and said “Vanakkam” [Greeting word to show respect in Tamil
language]!

1000 suns joined
and glittered together in his face!

I looked at him sharply!

“Appa! [Dad], Do you know
Who is he?
He is Rajinikanth!”
They said!

Yes... Rajinikanth has come!
Everyone knows him as Rajini!
But for me
his face was trying
to say something!

I took him
into my house!
He was so quiet
and equipoised!
But,
Always he had a smile
in his face.

Many have come
to my ashram. Some will ask “I need more wealth!”
Some will request “My business should grow!”

Some will inquire “When will my daughter get married?”
Rajini didn’t ask anything!
He was calm!

The first question
from me to him was,
“What do you want from me?”
He shook his head slowly

and said,
“My people of Tamil Nadu,
People of India and
All people in the world should be
content and happy!
This is what I want!”
said Rajini!

10. RAJINI IS AN INCARNATION OF VISHNU!

At that time, I do not know much
about Rajini!
My sons will always use to
talk about Rajini!

When I was young,
and when I was working in a shop
in Mumbai,
very rarely I would see movies!
At those times,
I wished to see only Shivaji's pictures!
I haven't seen any of
Rajini's pictures!

Somewhere,
How a villager who
has the knowledge of forest,
will somehow find out the ripe palm fruit
by its ripe smell, and will identify that
screw pine has bloomed by inhaling its fragrance....
In the same way,
is the story of an
incarnation goes in search
of another incarnation!

As soon as Rajini arrived, within a few minutes
the press people gathered
in front of our house gate!
But,
No one was allowed to come in!

Rajini was sitting quietly!
I started uttering the
lines of Vedhas!
He closed his eyes,
joined his hands together
and was listening politely
by forgetting himself!
He said,
'It is like I have a feeling
that I have heard
these lines before somewhere'!

Rajini's face was
somewhat unique!
It was similar to incarnations!
He was surprised
When I told him about his young age!

Like me,
Rajini was also
born in a humble family!
Earlier my name was Lakshmanan!
He was Shivaji Rao!
Not only that,
In my young age,
I was also an actor.
I was begging in many villages, I disguised myself!
Like me he is also
a mysterious incarnation!

When Rajini was nine years old, he was going to a place
with his friends.
All of a sudden,

When he said, "I am Lord Krishna,"
Friends were astonished!
He said,
"At some point
You will not be able to see me!
I will be a famous person!"

Generally, people will have
a sound ringing in their heart!
But,
Only the saints can figure it out!
In the same way,
Within Rajini also

from his childhood
he heard a sound!
"You are a God...
You are a God..."
This is that sound!

When I looked Rajini deeply
I could understand a thing!
Some people were taking
control of him by chanting mantras! [collection of words uttered
and considered as sound energy]
I asked him,
"You have some problems?"
He said,
"Yes, I know that!
When I was acting in
the picture 'Arunachalam'
I felt it more.
When I was delivering a dialogue,

some other
words echoed behind me!
I could not stop that!
I do not want to act any pictures”

I told him,
“Do not entertain any
war-lock, sage, forecaster, astrologer
near your house.
Everything will be alright!”
I said,

“Do not engage in politics!
Again, act in movies

and make the people
realize with your knowledge!
This 49th year of yours
is a fantastic period!
Hereafter, your fame will
spread in all directions!
Whatever you touch will
turn into gold” –

For three hours, Rajini
was hearing everything
quietly and said bye to me!
After he left,
He was able to see my image
in his vision one day!
After seeing me he
started following me and he felt that I said,
“You come behind me,

People will come behind you”!

Next time

When he came to meet me in the month of July,

He was lively!

He said that he is in good health
and happiness!

He said, “I am going
to make a movie
in the name of 'Padaiyappa'

I need your blessings!

I said, “Whatever you do
will prove a success for you!”

Everybody thinks that

Rajini is a devotee and God fearing!

But,

He is knowledgeable!

It is a divine quality
to think of people all the time!

For Rajini,

His coming days will be

only for the purpose of spirituality!

He will succeed in what he thinks!

Even now,

A group is around him

to fulfil their stomach! He can find it out

if he deeply watches the things going around!

I have also told him

about this in person!

In later days, Rajini
is going to build a temple!
That temple will not have
any deities or sculptures!
No art will be there!
But,
It will be like a soothing hall!

I am right in saying that
Rajini is the incarnation of Vishnu! My verdict is final!
When there are people who think only
about wealth, material, and fame
and so many other things,
Long live Rajini, who always thinks only about people!

11. THE COMING DAYS ARE THE DAYS OF GODS!

My place is Brahma's [God of creation in Hindu religion] place!
The place of healing!
People who come here
drink water, get well
and go with peace of mind.
Here there are no ashes,
and no gimmicks!

One day the famous
Playback singer TMS came to me!
I have heard his songs long back
and admired him!
That voice also had a trial!

He was not able to talk.
His condition was so pathetic!
I gave him some water.
After drinking the same

his voice was healed and sounded as before!
With an emotional upsurge,
TMS cried a lot!
“Sir... Can you show me
your real image?”
He was filled with ecstasy while asking this!

Gods and Siddhas [mystics] take their incarnations
only in poverty!
In my earlier Age, I broke the firewoods,
Slept in the graveyard!
To this day, simplicity is what I dress up as my attire!

I don't have disguises!

Actor Nagesh
came once in search of me
and confused in recognizing me!
When he came,
I was wearing a turban
and working hard!
He seemed unmindful of my presence!

When I gazed at him,
He was searching here and there!
I couldn't understand anything!

Then only I came to know
that he was mistaken and thought me a 'Gardener'!

My appearance used to be like a
a simple man!
I told Vedhas!
I was dare enough to
fire the witchcrafts!
Even then I opened the door for arguments!

I called the learned scholars!
I called the poets!
I also called the saffron dressed fake monks!
Only a few came with affection!
The time was over!
Hereafter no one should
come and knock on my door!
If you knock, you will get beaten!

The forthcoming days are
going to be odd and unusual!
Gold will be available! Grains will not be available!
In many parts of the world,
Riots will happen for a
handful of food!
The businessmen will close shops
in the morning
and will open during nights!
The fox will chase the dog!
The thief will chase the police!

The period is not too far
when India, China and Japan are
going to feed the begging world!

America will continue to be a superpower!

The temples will get destroyed by
thunder and lightning!
Religions will come together!

Without any rituals and
without seeing the day and star,
male and female
will get married at once under a tree!

In the whole world,
none of the political party will
rule constantly!
As far as India is concerned,
Vajpai's rule will be overthrown.
Even if Congress wins,

Sonia will not be the Prime Minister!
Priyanka will take the charge!
A very small span of time
will be given to Sarathpavaar
to rule the country!

In Tamil Nadu,
No one can snatch
the ruling power from the hands of Kalaizhnar!

The days which are going to come,
are the days of Gods!
Earthquakes will erupt in the sea!
The caves under the sea where the Godly incarnations
lived will come out!
Miracles will appear in the sky!

Crores of Gods will roam
around the sky in flying saucers!

Birds will cry!
The cow which you grow will cry!
Babies in the womb
will sing poems!
Children will leave their parents
and roam around!
Science will perish!
Astrological Almanac will perish!
The sound of scriptures will be heard!

At a certain period,
Many people will die as a result of thunder and lightning!
Many will die because of

hurricanes!
Many will die due to heavy rainfall!

People will cross the dead bodies while walking on the road!
Even then,
Don't fear!
Those who did Karma, [sin]
will suffer with illness!
Those who did Dharma[charity] will be happy!
All these are
not a story or a dream!
It is the future which we are going to see!

I am not a priest! I am not a sage or forecaster,
or an astrologer!

Not a person who adorns the futile body with guise!
Not a person to take Kumkum [offered in temples as a pious thing]
and gold from the mouth!

He who understood me is a saint!
I know the Vedhas only!
I don't know the religion!
Religion is an arrogance!
Do not wander behind religion!

Real spirituality lies in work!
My work has created a beautiful garden!
It has created a dwelling place of Brahma [BRAHMASTHALAM]

I have reached my 58th year!
I have completed the work for which I came!

The day has been marked for my Incarnation to get completed!
I will leave this world in the
month of March, 2007 mid-day!

My sepulcher is ready
and it is standing before my eyes as a
fantastic painting!

I have closed all the gates
which were kept open
for your arrival!

From now on,
I will be breathing Vedhas in the solitude,
in my peaceful garden!

Don't take my sayings
as philosophies!
They are real!
I have shown what is there!
No one should have any anger!

I am here to make you
perfect by looking at me!
I am a mirror!
Those who ask 'Who am I?'
Agnihothram Thathachariyar, an old and matured sage, the
one who dedicated his life
in search of wisdom,also
A genius who always discussed Vedhas
with Elder Shankarachariyar!

In his old age,

He came to my house
with some sages!

“Yaghava! you are a past- master of
Vedhas!

I inhaled the fragrance of Vedhas
in your words!

Let the saints lend their ears to you!'

These are the words
uttered by Agnihothiram two years back!

'In the strong wind the sand dunes are made!

Dunes become mountains! Even mountains deform by winds!

On the earth, the impressions of the time
will not stand, it will get destroyed!

But,

including the last footprints which were placed

in the mausoleum of

this Way-farer will never perish!'
